Ike to Have Gall Bladder Removed This Week

GETTYSBURG, Pa. (AP) — Former President Dwight D. Eisenhower, 76, will enter Walter Reed Hospital this week for surgery to remove his gall bladder, Eisenhower's office announced today.

The five-star general will enter the hospital Thursday, although the exact day or time of the operation was not given.

Eisenhower's office issued this statement:

"The doctors have informed Gen. Eisenhower that he must have his gall bladder removed soon."

"He plans to enter Walter Reed General Hospital Thursday, Dec. 8, and plans to leave for Palm Desert, Calif., right after the turn of the year."

Eisenhower underwent surgery and also suffered a heart attack while he was president, and in the fall of 1965 he suffered a heart attack while vacationing in Augusta, Ga. He was hospitalized for several weeks then, first at an Army base in Georgia and later at Walter Reed.

Eisenhower checked in at Walter Reed for an overnight physical examination about 10 days ago. It is assumed that he received the advice of doctors for the gall bladder removal at that time.

Eisenhower has been at his office on the Gettysburg College campus regularly each day since the last Walter Reed checkup.

Eisenhower's military aide, Brig. Gen. Robert Schulz, said his office would be busy today canceling appointments beyond Thursday.

Eisenhower expects to keep appointments Tuesday evening and Wednesday in New York City for a football Hall of Fame dinner and a luncheon for a business group.

Eisenhower has been at his office on the Gettysburg College campus regularly each day since the last Walter Reed checkup.

Gen. Schulz said that if Eisenhower was suffering any physical discomfort during this period he had given no outward sign of it.

Eisenhower reported to his office at 8:25 a.m. today and expected to put in a full day of writing, looking over manuscripts, and answering mail.

This will be Eisenhower's second major operation and his fifth serious illness in 11 years.

During his presidency he suffered a heart attack in the early morning hours of Sept. 24, 1955. He was taken to Fitzsimons General Hospital in Denver where he made a speedy recovery. Within a few weeks after being hospitalized, Dr. Paul Dudley White, noted Boston cardiologist, permitted the President to begin seeing visitors and conducting some of the routine business of government.

For a time, Eisenhower considered not running for a second term in the White House because of his physical condition. He won re-election in November 1956.

On the morning of June 8, 1956, the President was stricken with an abdominal ailment and underwent an emergency operation for ileitis, inflammation of the ileum, 24 hours later.

Surgeons bypassed a 10-inch constricted section of his small intestine to detour a blockage they said could have caused gangrene and possibly have taken Eisenhower's life.

A year later, on Nov. 25, 1957, the President was at his desk in the White House shortly after lunch when he began experiencing difficulty in reading a document. As he described it later, "The words just kept sliding off the paper."

He dropped a pen and was unable to pick it up. When he stood up, he was so dizzy he had to lean on a desk for support. His speech was impaired.

Doctors diagnosed his ailment as blockage of a blood vessel leading to the brain, but the White House did not use the term "stroke" in its announcements.

Again, he made a surprisingly rapid recovery.

He insisted on carrying out his scheduled visit to a meeting in Paris of the North Atlantic Treaty Organization nations three weeks later, and did so.

Secretly, the President set this meeting as a test of his ability to carry on his duties, knowing that it would be a severe physical and mental test.

He disclosed later that if he had found himself unable to go through the rigorous schedule, he would have resigned.

In November 1965, nearly five years after leaving office, Eisenhower had another heart attack and was hospitalized for several weeks.

Last October, President Johnson had his gall bladder removed.

In Paris, he not only attended all the NATO meetings but when the conference was ended he made an extemporaneous speech on the steps of the building where, as the first NATO commander, he had had his office. He went through the talk without stumbling.

Five Highway Deaths Raise Toll to 883

By THE ASSOCIATED PRESS — Minnesota's already record highway toll has reached 883 for the year, with five more deaths reported Sunday. The total a year ago today was 791.

Previous high for a year was 876 deaths in 1965.

Robert L. Asp Jr., 17, Minnetonka, was killed Sunday in a two-car collision on Minn. 7 in Shorewood, another Minneapolis suburb.

The Highway Patrol said the youth was riding in a car driven by Daniel J. Sauter, 16, Minnetonka, which collided with an auto driven by Mrs. Delores Chatterton, 43, Orono. Sauter was not injured. Mrs. Chatterton was hospitalized in satisfactory condition.

Asp was on his way home from work at a drive-in restaurant.

Bonnie Lee Schwartz, 19, Lester Prairie, died early Sunday when a car left Minn. 7 and went through the ice of Zumbro Lake near St. Bonifacius. The driver, Daryl D. Zellman, 18, Lester Prairie, was hospitalized.

A Belle Fourche, S.D., youth, Richard Sheldon, 19, was killed in a collision in Minneapolis. His passenger, Charles Eaves, 18, Sioux Falls, S.D., escaped serious injury.

Wallace J. Engler, 23, Currie, Minn., was fatally injured late Saturday when his car ran off Minn. 30 near Slayton. A passenger, Virgil N. Lentz, 23, Slayton, was hospitalized.

Pair Rescued After 11 Days In Plane Wreck

COLVILLE, Wash. (AP) — A car stuck in the snow led to the rescue of a Canadian couple who survived 11 days after their plane crashed on a northeastern Washington peak.

Roy Brown, 35, of Saskatoon, Saskatchewan, and his wife, Betty, 32, were reported in good condition today at Mt. Carmel Hospital here.

Mr. and Mrs. Brown, the parents of six children, had been the object of a wide search in Canada and northeastern Washington since their single engine plane vanished Nov. 24.

They were flying to Vancouver, B.C., to join relatives at the Grey Cup Canadian championship professional football game Nov. 26.

There was no sign of them until late Sunday afternoon when Ron Ruble of Colville heard a cry for help as he was trying to dig his car out of the snow.

A few minutes later her husband, who had been following her down a logging road, reached the highway. Ruble, who had got stuck while taking his wife and 18-month-old son on a sightseeing ride, drove the Browns to Colville.

Rhodesia Rejects New British Plan

SALISBURY, Rhodesia (AP) — Prime Minister Ian Smith's cabinet rejected Monday night Britain's shipboard agreement on the 13-month-old independence crisis.

Smith told a crowd waiting outside his offices at 8 p.m.: "The fight goes on."

Newsman Couldn't Keep Up

AUSTIN, Tex. (AP) — President Johnson's Texas driving habits are back in the news again.

The White House, using figures from an official log, said Johnson "drove at a moderate speed" on his way to church along a fog-bound highway Sunday.

But a newsman and two photographers driving separate cars said they couldn't keep up with the President despite traveling 80 to 85 miles an hour, and faster in some spots.

'Sky Full of MIGs' Challenges Americans in New Hanoi Raids

SAIGON, South Viet Nam (AP) — U.S. jets flew through a sky full of challenging Communist MIGs Sunday to bomb targets near Hanoi, and pilots reported shooting down one of the Red jets and probably a second.

Retaliating for the heaviest U.S. air losses of the war two

days earlier, the American fliers also claimed widespread destruction to one of North Viet Nam's major railroad marshalling yards six miles northeast of Hanoi.

While the air war swirled around the North Vietnamese capital, fresh fighting was reported on the edge of South Viet Nam's capital at the Tan Son Nhut Airport.

American guards led by sentry dogs reported killing 12 more Viet Cong in flushing out remnants of an enemy suicide force which penetrated the big air base Sunday.

Bond Entitled To Seat, U.S. Court Rules

WASHINGTON (AP) — The Supreme Court ruled unanimously today that the Georgia Legislature violated Julian Bond's constitutional rights by refusing to seat him.

Reversing a special three-judge federal court in Atlanta, Chief Justice Earl Warren said: "Legislators have an obligation to take positions on controversial political questions so that their constituents can be fully informed by them, and be better able to assess their qualifications for office; also so they may be represented in government debates by the person they have elected to represent them."

Bond, a Negro civil rights worker and official of the Student Non-violent Coordinating Committee, was twice barred from his elected seat in the Georgia House because he supported a committee statement describing U.S. policy in Viet Nam as aggression.

He was elected a third time last November from an Atlanta district while his case was pending before the Supreme Court.

Freezing Drizzle Lashes Midwest

By THE ASSOCIATED PRESS — Gale-driven rain lashed most of the Pacific Northwest today and freezing drizzle gave an icy coat to many Midwest highways.

Hazardous-driving warnings were issued in both regions.

Heavy snow in the Cascade Mountains closed a secondary highway linking west and east Oregon and forced cancellation of a ski race on Mount Hood.

Also in Oregon the U.S. Coast Guard reported winds of more than 120 miles per hour early Sunday. Rains brought the Coquille River in southern Oregon to flood stage. No danger to cities was expected.

Interstate 5, the main north-south Oregon highway was blocked in its southbound lanes Sunday when trucks jackknifed in heavy snow.

Sleds Go Through Ice

ORR, Minn. (AP) — Darkness was closing in on Pelican Lake, where Philip Dosch had spent the day ice fishing. His four children had had a good time skating.

Moments later, they drowned. Five-year-old Anthony probably was riding with his father as their snowmobile chugged toward shore on the smooth, clear ice. Jennifer, 9; Lisa, 7, and

Laura, 6, were being pulled on the bright red sled their father had built.

Once the snowmobile and sled were packed onto their trailer, there was still a 63-mile drive home to International Falls. They'd probably be late for dinner, and Dosch's wife, Roberta — pregnant with their seventh child — would fret. The baby was expected in a few days. The four

youngsters would also want to see Catherine, 3, and Andrew, 1½, before the tots went to bed.

The bright lights of Orr reflected off the ice as the two vehicles veered around a point of land. He didn't see the open stretch of treacherous water ahead — some 200 feet long and 50 feet wide. Ice on most of the lake was about one foot thick.

The snowmobile and sled with the five passengers plunged into eight feet of icy water. The tragic drownings were not discovered until the following day — Sunday.

Dosch, 33, was a remedial reading teacher at the junior high school in International Falls, on the Minnesota - Canadian border.

When Dosch and his four children did not return home, Tony Stajer, St. Louis County deputy sheriff at Orr, was notified about 2 a.m. Sunday. He recalled seeing a car pulling a homemade trailer. The car matched the description of the Dosch auto.

Stajer and a game warden found the car and trailer in a public parking area in Orr, a community of 360 on the lake-shore.

They organized a search party and used car headlights to pierce the darkness. The lake is about five miles wide and seven miles long. After 2½ hours, a snowstorm forced the group to give up the search until day-break.

Searchers then spotted a gasoline can bobbing on the open stretch of water about 150 feet from shore off Patten's Point.

The body of one of the children was floating in the water. The recovery team used a canoe and grappling hooks to remove the bodies of the three other children and the father.

The children were wearing ice skates.

The light switch on the snowmobile was on.

DEAR ABBY:

The Meeting Of the Minds

By ABIGAIL VAN BUREN

DEAR ABBY: Joe and I have gone together for three years and we are very much in love. We will both graduate from college in June and we want to get married. Our problem is my father. You see, he is a Baptist preacher, and Joe's father runs a tavern, but he is a respectable, law-abiding citizen just the same. To make matters worse, Joe and his family go to another church. What are we going to do, Abby? I am afraid if I tell my father I want to marry Joe he will have a fit. LOVES JOE

Abby

DEAR LOVES: If Joe's father is a respectable, law-abiding citizen, no one need apologize for the way he makes his living. And your father, who makes his living by preaching kindness, compassion, and respect for one's fellow man, should surely practice it. As long as your father doesn't expect Joe's father to pray in his church, and Joe's father doesn't expect your father to drink in his tavern, you should have no problem.

DEAR ABBY: The letter signed "PRACTICAL" could have been written by me a few years ago. I also have a wonderful, generous husband who insisted on buying me expensive gifts for every occasion. He had a friend who owned the town's leading jewelry store, so whenever my husband wanted to buy me something he would go to his friend, who always had just the right item for me.

Being practical I hated to see my husband spend the money on frivolities, so one day I went to the jewelry store and told the owner, "On more piece of jewelry and I am going to bring it back!"

He said, "Don't you dare. I have a customer whose wife did that, and now he's buying jewelry for another woman!" After that, I kept everything my husband bought for me.

NOT SO DUMB

DEAR NOT: Neither was the jeweler. It's not hard to figure out how he became the town's leading jeweler.

DEAR ABBY: How could you do this to us? After trying so hard to "graciously" decline dinner invitations at the homes of my pupils, you come out and say it's all right for teachers to accept such invitations. Abby, if I were to accept one, the other 37 would pounce on me, and it would mean one continuous round of wining and dining. And the evening is nothing but a parent-teacher conference with the kids throw in.

I have a rule—I never accept a dinner invitation at the home of a pupil as long as that child is in my room. If they really want me they can invite me after he leaves. (Would you believe no one ever has!)

Two Injured in Plane Wreck

FOREST LAKE, Minn. (AP) Two men were injured — one critically — when their plane crashed into ice on Forest Lake Saturday as they were dropping plastic-foam snowballs in a promotional stunt.

The pilot, James Nelson, was reported in critical condition Sunday. His passenger, Dale Murray, was hospitalized in fair condition.

Nelson is executive secretary of the local Chamber of Commerce and Murray is manager of Community Credit Co. here.

The men had dropped some of 2,500 snowballs and were flying about 50 to 100 feet high when the single-engine plane lost speed and stalled. It crashed about 50 yards from shore.

Several persons on hand for the promotion rushed out to help the men out of the wreckage.

The balls had letters and numbers on them. Persons catching them could redeem them for prizes at local business places in a promotional stunt of the Chamber of Commerce.

Firemen Climb 28-Floors to A False Alarm

ROCHESTER, N.Y. (AP) — City firemen made a 28-story climb Sunday to find they had responded to a false alarm.

Firemen sped to the 30-story Xerox Corp. building, now under construction in downtown Rochester, after receiving a call that flames had been spotted on the 28th floor.

The building's electricity was turned off and the elevators were inoperative, so they began hauling hoses and other firefighting equipment up the staircase in four-degree-above-zero weather.

They eventually found the source of the flames — a controlled kerosene fire being used to dry concrete.

David was born at Bethlehem.

Pressures on Students Mount

By LESLIE J. NASON, Ed. D., University of Southern Calif.

Pressures on students continue to mount. They must have high grades to get into college. They must have passing grades to stay there. And the male students know they may be subject to immediate military service if they aren't in the upper portion of their class.

Despite this, more students will drop out of school this year than ever before, either because of no challenge or little encouragement in the classroom, according to Dr. Allen D. Calvin, noted experimental psy-

chologist and president of Behavioral Research Laboratories, the nation's leading publisher of programmed textbooks.

"Three out of every ten people in the U.S.," said Dr. Allen, "will attend school this fall, yet most of them won't be given a chance to learn at their own rate of speed. They will be locked into the traditional conformity of the grade system."

WITH THE present grading systems, every class must have a low quarter regardless of how carefully the freshmen are selected.

Recognizing this, a few col-

leges are eliminating grades, except Pass or Fail, for their freshmen class. But this does not solve the problem for their remaining years of college.

The necessity for high grades discourages students from attempting courses which, because of their difficulty or newness, might result in low grades.

Mount Holyoke college allows any sophomore, junior or senior, after a consultation with the instructor concerned, to elect a course outside his major department on a Pass-Fail basis. Privilege is limited to one course in any semester and a total of 12 credits.

A student's work is treated exactly like that of regularly-enrolled students except for the final grade of Pass or "F". A Pass is not counted in computing a student's cumulative grade average.

ANOTHER INNOVATION designed to lower the pressure of grades has been adopted by Haverford College (Pa.) The

registrar of the college will no longer prepare a class rank list. Inquiries will be answered with a statement that the college has abandoned numerical ranking.

Dr. Hugh Borton, the institution's president, doubts that anyone has the ability to interpret accurately information about rank in class because of the "tremendous diversity of our nation's colleges and uni-

versities. Some form of rating and report of student progress nevertheless is necessary. Continued study of the problem should eventually bring about a system that will be more fair to all concerned.

As programmed learning geared to individual progress is developed, a student can be rated without comparison with other students.

Help Coming for Three Towboats

Three towboats still are encountering difficulty pushing loaded barges through the icy waters of the Mississippi River.

Help is on the way. The Frank C. Rand cleared Lock 13 at Fulton, Ill., at 8:30 a.m. today. It is coming with a light

boat to help out the Kay A., L. Wade Childress and Dan Luckett.

The Kay A. has arrived at La Crosse; the other two are above Alma.

THE MAJOR problem is at the foot of Lake Pepin, where

the ice is jammed. A lockmaster observed that the ice is usually jammed there every year. The Chippewa River mouth is just below the foot of the lake.

This is the point where the Dan Luckett was stuck Saturday night. After shuttling six barges back and forth Saturday and Sunday it arrived at Whitman Dam 5 at 12 midnight Sunday, but it took until 6 a.m. today to lock through with a single lockage.

A lockmaster explained that when barges come down the river they shove a wall of ice ahead of them. The ice then fills up the locks and the boats cannot get through. The boats are forced to back out, after which the gates are closed, the water is lowered and the lower gate opened to flush out all of the ice. Then after the boats get into the locks there is more trouble because of the ice in the locks and because of the ice which has formed under the boats and barges.

BENDS AND turns in the river are very hard to negotiate because of the ice and the heavy loads. It is just like going into a trough — and the barges don't slide.

The Luckett was reported above Alma this morning. It has some barges tied at Alma and some near Dam 5 at Whitman.

The Luckett will go back to the foot of the lake and help the L. Wade Childress lock at Dam 4, Alma. From there it will go back to St. Paul to pick up the other six left there. They are loaded with grain.

The Childress also was forced to leave six barges in St. Paul. This morning it came down to the foot of Lake Pepin between Lock 3, 10 miles above Red Wing and Lock 4, Alma. Running on one engine, it is shuttling six barges back and forth.

THE KAY A., running on one engine, locked through Winona Dam 5A at 4:50 a.m. Sunday with three barges filled with grain. It was laying at La Crosse this morning with engine trouble.

Four to five inches of ice were reported this morning at Winona Dam 5A. Moderating temperatures have slowed ice formation.

Chamber Alters Meeting Format

When the Winona Chamber of Commerce holds its annual meeting Jan. 23 at the Oaks, the program format will be changed, according to Wayne Himrich, president.

The program will include only one speaker and the remainder of the program will be focused on one segment of the economy. In previous years both the retiring and new president spoke. However, past presidents will meet in the basement of the Oaks just prior to the meeting.

The featured speaker will be announced later.

Legion Ticket Deadline Near

Tickets for the Saturday night party at the American Legion Memorial Club must be obtained by Wednesday, according to Steward Joseph Poblocki.

The Cordova Combo will play for dancing. The Legion and its auxiliary also are planning for a joint dinner next Tuesday evening at the club.

ST. CHARLES PATIENTS

ST. CHARLES, Minn. (Special) — Miss Maggie Watts, St. Charles, fell and broke her hip while she was returning from the Preston Nursing Home. She now is a patient at St. Mary's Hospital, Rochester.

SCATTERED MATERIAL . . . Another truck was dispatched to Whitehall, Wis., Sunday to pick up remains of insulating material after a semi went out of control on a Highway 53 curve just north of the city Saturday at 6 a.m. The driver, Russell E. Staley, Willow Hill, Ill., wasn't hurt. Fre-Fab Transit Co., Farmer City, Ill., owner of the rig, will send another tractor here to get the damaged trailer and a flatbed truck to get the wrecked tractor. The load was en route from Duluth, Minn., to Saginaw, Mich. (Kathleen Knudsen photo)

Post Office To Expand Worker Force

Additional help for the holiday season rush will begin reporting for work within a few days, Acting Postmaster Lambert J. Hamerski said today.

Mostly the extra workers will be drawn from a list of persons who have taken Civil Service examinations and are awaiting openings for permanent appointments.

If the civil service list is exhausted, Hamerski said, the post office will turn to its file of people who have applied for part time work.

Some of the regular postal personnel will work overtime hours, said Hamerski, since some of the problems that arise must be handled by the professional staff.

Mail volume here has begun to rise sharply since the week-end just past, Hamerski noted.

Top Teacher To Be Named

The person selected as this year's "Outstanding Young Educator of Winona" will be introduced Tuesday evening at a banquet sponsored by the Winona Junior Chamber of Commerce at Linahan's Inn.

Six candidates have been nominated in the second annual contest sponsored by the Jaycees. Sister M. Geoffrey, a teacher at St. Mary's Grade School who won both the Winona and state contests last year and represented Minnesota in competition to name the nation's outstanding young educator of the past year, will be banquet speaker.

Nominees in this year's Winona contest are: Vernell Jackels, science instructor at Winona Senior High School; Sister M. Katel, first grade teacher at St. Mary's School; the Rev. Robert Stamschror, assistant principal and senior religion instructor at Cotter High School; Richard Adank, fourth grade teacher at Madison School; Ernest Buhler, guidance counselor at Central Junior High School, and Mrs. Linda Byerly, first grade teacher at Washington — Kociusko School.

The six candidates have been evaluated by a panel of judges composed of educators and businessmen during the past week and announcement of the winner will be made at the award banquet. The Winona winner will be entered in the state contest to be held in February. Richard Lindseth, chairman of the Winona Jaycees outstanding young educator program, said that the contest is designed to spotlight outstanding achievements in the teaching profession among educators between 21 and 35. Both male and female teachers in first through 12th grades are eligible.

Fillmore County Blood Donor Count Hits 543

RUSHFORD, Minn. — A total of 543 pints was donated to the Red Cross bloodmobile during its five stops in Fillmore County last week, according to Mrs. L. J. Wilson, Rushford, chairman.

Free tapes cut to send overseas to relatives and friends for Christmas totaled 25.

Sixty-five pints were received at the last stop Friday at Chatfield. There were 11 first-time donors, 15 walk-ins, and four rejects. Roy Akeson, Marv Evans, Norman House and Mrs. Dale Haugen became gallon donors and Mrs. Roland Arelich, Gordon Lee, Gale Henry and Elaine Lee, two-gallon pin winners.

TRUCK TIPS . . . Workmen try to right truck which capsized today about noon while unloading crushed rock for a street department stockpile near Gale Street. The driver, Frank P. Konkel, 39, 674 W. 4th St., was temporarily pinned in the cab when the pile shifted and the truck cap-

sized. Firemen stood by to quell a possible fire from spilling gasoline as he was removed. Konkel suffered apparent leg injuries and was taken to Community Memorial Hospital. The truck is owned by the Fred Fakler contracting firm. (Daily News photo)

5,000 Ask for ZIP Numbers For Christmas

Response to its offer to supply ZIP code numbers has been strong, if somewhat tardy, post office officials said here today.

Up to now more than 5,000 of the 7,000 cards distributed to rural and city delivery route patrons have been returned. The cards were delivered in October to noncommercial patrons who were invited to list post offices for which the ZIP numbers were desired.

Postal officials hoped to have the rush of cards out of the way by mid-November. Some replies still are drifting in, however, competing with the holiday mail rush for the attention of personnel.

While most of the inquiry cards have been completed and returned by postal workers, a few will go unanswered. These are the 30 to 40 cards which carry no return addresses and whose senders thus are unknown.

The job of checking and listing requested ZIP numbers was done with the help of post office personnel in nearby communities. About 2,500 cards were dispatched to post offices at Hokah, Canton, Spring Grove and Homer. There they were filled out in odd hours and returned to Winona for individual delivery.

Buffalo County Democrats Elect

ALMA, Wis. — Officers of the Buffalo County Democratic Party were re-elected at a meeting at the American Bank of Alma social room Saturday night.

Ragnar Segerstrom, Mondovi, will continue as chairman; Alger Marum, Gilman, vice chairman; Theodore Buehler, Alma, secretary, and Mrs. Dean Helwig, Gilman, treasurer.

Appointed to the executive committee were William Staak, Oliver Weindandy and William Thaldorf, Cochrane; Elmer Steiner, Arthur Hitt and William Kiley, Alma; Harold Moy and Royce Quarberg, Gilman; Mrs. Ragnar Segerstrom and Charles Rutschow, Mondovi; Elton Suhr, Fountain City, and Milton Buchli, Town of Montana.

Next meeting will be Jan. 3. The organization will concentrate on a membership drive in January, Buehler said.

Peterson Credit Union Area Upped

PETERSON, Minn. — Peterson Credit Union now has an enlarged area. Persons living in Norway, Holt and Arendahl townships, the village of Rushford and the south halves of Fremont and Hart townships may join.

Current membership is 192 and current assets, \$14,000. Services of the credit union are savings, life savings insurance and loans.

5 Rushford Essays

RUSHFORD, Minn. — The Rushford Lions Club to date has received five applications for entries in the international peace essay contest, according to President Clifford Hoel. All entries must be in by Saturday. Judges will be John Karlson, Dr. L. J. Wilson and Mrs. Ray Bentdahl. Local prizes will be \$25 for the best essay, \$15 for second and \$10 for third. Winners at the district level will be judged at a multiple district level.

Caledonian Hurt In Truck Collision

CALEDONIA, Minn. — Roger Schutz, 24, Caledonia, suffered multiple fractures when his car collided nearly head-on with a semi-trailer truck early Sunday morning.

The left fronts of car and truck collided on Highway 44

one mile south of Caledonia shortly after midnight. Schutz was driving north, authorities reported when he pulled out to pass a car. According to the officers, he was unable to get back into his lane soon enough to avoid hitting the southbound semi, driven by Scottie Joe Moore, Lebanon, Mo.

RELATIVES said Schutz is in serious condition at St. Francis Hospital, La Crosse, with multiple fractures of the jaw, a splintered left kneecap, and lacerations of the head and face. Moore was hospitalized for observation at Caledonia Community Hospital and still was there this morning.

Schutz's 1965 car was a total loss officers said. The tractor of the truck was damaged extensively.

Caledonia firemen were called to flush spilled truck fuel from the roadway. Officers said it took 40 minutes to cut Schutz out of his smashed car.

Houston County Sheriff Byron Whitehouse said he was notified of the accident at 12:13 a.m. by Mrs. Stanley Betz, who operates a Caledonia Cafe. William Betz, Caledonia policeman, was first on the scene, joined by Whitehouse and two Highway Patrol officers.

The Schutz car stopped about in the center of the concrete. The truck stood city-corner across the highway south of the car when it came to rest. The semi load of livestock was taken to the Wiebke stockyards here.

Schutz was wearing seat belts, the sheriff said. It took officers about three-fourths of an hour to remove him from the wreckage. A son of Mr. and Mrs. Victor Schutz, Caledonia, he is employed by IBM at Rochester and apparently was on his way home.

Insurance Man Can't Collect, He's on Council

ST. PAUL (AP) — Atty. Gen. Robert W. Mattson said today that a Faribault insurance agency may not collect a premium from that city because its president is a member of the city council.

Mattson answered a question from City Atty. Winston C. Johnson, who said the insurance man was appointed to fill a city council vacancy long after his agency and five others joined together to sell the city a package insurance policy.

Johnson said two annual premiums already have been paid, with a third due last October. Mattson referred to a Faribault city charter provision which said, "no officer shall be connected with . . . any public service corporation . . . or of any person having any contract with the city . . ."

"No exception is made for contracts entered into prior to the time a person becomes an officer of the city," said Mattson's opinion.

Hearing at Mondovi

MONDOVI, Wis. — A hearing will be conducted by the school committee of Cooperative Educational Agency 6 at Mondovi High School Dec. 12 at 8:15 p.m. on the petition of John E. Erickson and Mrs. Charles E. Erickson to detach their lands in the Town of Drammen, Eau Claire County from the Mondovi school district and attach them to the Eau Claire school district.

ST. CHARLES BOARD ST. CHARLES, Minn. (Special) — The school board of St. Charles Catholic School will meet Tuesday at 8 p.m.

Police Check 4 Accidents; No Injuries

Four accidents occurred over the weekend, according to police.

Mrs. Delmer Gottschalk, Cochrane, Wis., collided with a vehicle driven by Edward R. Stanek, 661 E. Howard St., on East 5th Street at Lafayette Street at 1:20 p.m. Saturday.

Mrs. Gottschalk was traveling west on 5th and Stanek had just pulled out of the Piggly Wiggly parking lot and was turning left.

Approximately \$250 damage was received by the Gottschalk car and \$150 to the Stanek auto. Also on Saturday at 10:15 p.m., an auto owned by Carol Rislove, of Minneapolis was struck by a hit-and-run driver as it was parked on Chestnut Street, 40 feet north of Mark Street. The hit-and-run driver apparently skidded a considerable distance before smashing into the left side of the Rislove auto. No estimate of damage has been reported yet.

Sunday at 5:44 p.m. a car driven by Louis Skanson, 15, Rochester, skidded off Highway 14 about 150 feet west of the Gilmore Creek Bridge, clipping off three guard rails before coming to rest in the ditch. Skanson was unhurt and no estimate of damage was reported.

This morning at 8 a.m., a Yellow Cab, driven by Dennis Beshow, 24, 614 W. 5th St., collided with a car driven by Dennis L. Vesterse, 302 W. 4th St., on 3rd Street at Harriet Street. It resulted in approximately \$300 to the front end of the cab and about \$350 damage to the Vesterse auto. Beshow was going east on 3rd and Vesterse north on Harriet.

Alma Co-op's Office Entered

ALMA, Wis. (Special) — A break-in at the Farmers Union Cooperative office here sometime Sunday night was discovered by Manager Ralph Polivka when he arrived at work at 6:50 a.m. today.

Only change was taken but there was extensive damage; papers from files were strewn everywhere.

Entrance had been made by forcing a window in the men's restroom on the west part of the building, Buffalo County Sheriff Myron Hoch said. From the office, entry was made to the vault by removing concrete blocks from the wall. An area large enough for a man to crawl through was made.

The Farmers Union office quarters, on the Mississippi River side at the south end of town, had been broken into before. Hoch, Deputy Clem Breen and Fred Glander, Alma policemen, have found car tracks and footprints around the building. A strange car was parked about a block from the building Sunday night. Investigation is continuing.

County Religious Survey Planned

LEWISTON, Minn. — Eighteen pastors, laymen and state leaders gathered at the City-Mar Bowl here this morning in an effort to form a church study group.

The boundaries of concern were set at the Winona County line on the north, west and south and on Highway 43 and through Stockton on the east.

A survey concluded that the unchurched and a better youth ministry is sought.

The Rev. Clarence Riske, Moravian Church, Bethany, was elected chairman and the Rev. Leslie Gehring, Presbyterian Church, Lewiston, secretary.

The Rev. George Tjaden, Minneapolis, of the Minnesota Council of Churches, advised the group on how to proceed with the surveys.

2 Give 'Ice Breakers' At Toastmasters Club

Two new members gave their first speeches, or "ice breakers," at a meeting of Hiawatha Toastmasters Club last week at Hotel Winona.

Richard Theurer and John Carlin were introduced by Dennis Challen.

Richard Coleman was table-top chairman; Richard O'Bryan was general evaluator; Dr. Cleave Gruler was timer and Gerald Swanson was grammarian.

WHITEHALL CUB SCOUTS

WHITEHALL, Wis. (Special) — Awards presented Cub Scouts in Pack 78 Monday evening were: Paul Christopherson, denner; Alan Nelson, assistant denner; Leslie Berg, Todd Risberg, David Brown and John Shepherd, service stars; Richard Koom, lion, and Paul Christopherson, bear badge.

TV Installation To Begin at WSC

Installation of closed-circuit television will begin shortly at Winona State College.

James Spear, audio-visual department, said that the system will connect 11 classrooms in Phelps School with two viewing rooms in Gildemeister Hall. The control room will be in the audio-visual center in Sorsen Hall. Recording facilities will be available. Two cameras will be included in the equipment.

Total cost of the installation is about \$13,000 with a federal grant paying nearly half of it.

It Happened Last Night Brain Concussion Can't Stop Her

By EARL WILSON

NEW YORK — A concussion of the brain couldn't stop Maureen O'Sullivan, Frank Sinatra's gorgeous Mother-in-law, from performing "The Subject Was Roses" in Paramus, N.Y.

Hurt in a taxi accident, Miss O'Sullivan, mother of Mia the bride, went to Lenox Hill Hospital where X-rays revealed the concussion.

"I'm sick and I don't feel like doing it — but I'll do it," she said before the Paramus opening. "I've got to do it because there's nobody else to take my place." Afterward, she rubbed her black and blue head and said, "I feel better for doing it."

The Italian press is having a ball chasing Marlon Brando and Fay Sparks, the pretty 20-year-old American who plays a southern housemaid in his picture, "Reflections in a Golden Eye."

The magazine "Stop," for example, sadly relates that an Italian actress, Luciana Favarro (who last saw Marlon two years ago in Venice), "hoped he would come to her with open arms."

Photographers, however, snapped Marlon "with his head down" leaving a highway where he met Miss Sparks. So Luciana decided to stay in her native town, Padua, "and suffer in silence — for Marlon loves another."

In the movie, Brando plays a repressed homosexual Army major married to Liz Taylor who's adulterating with an officer next door. There's quite a lot

Marker Placed On Historic Locust School

MABEL, Minn. (Special) —

The children of pioneers settling in the northeastern Winneshek County, Iowa, townships of Heeper, Burr Oak, Canoe, Highland and Pleasant, just below the Minnesota border in this area, attended the Locust school on which a marker was unveiled Saturday.

The official Winneshek County historical marker notes that the same school was in continuous use 106 years after it was built in 1864. It was the oldest school in continuous use in Iowa when it was closed in 1960.

MRS. Violet Stoskopf Ruffridge, Mabel, is a former teacher there.

"While we may consider our methods of teaching mathematics today to be very modern," said the guest speaker, the Rev. Curtis Webster of Forest Mills, Iowa, "we need only to look back to Webster's Mathematics of 1887 to find that the fundamentals of today's math were then in use."

Rev. Webster, president of the Allamakee County Historical Society, spoke at St. John's Lutheran Church parlor seven miles south of Mabel where the program preceded the unveiling.

Among the other speakers were three members of the Locust School Club.

The land on which the school was built was donated by two pioneer settlers, and stone for its construction was quarried on the farm of one of the donors, John Kloutz.

IT WAS built in a little village called Locust Lane; locust trees grew on either side of the road. A store was built there, a church, and a number of homes, and Locust had a post office. The building also was used as a place of worship for all denominations.

It was the only school in the area until 1887. Children trudged for miles to Locust under pioneer conditions to get their elementary education there.

The building is in excellent state of repair and will be preserved with its present furnishings as a museum.

4,924 Use Recreation Centers

November attendance at city recreation centers totaled 4,924, the park-recreation department reported this month.

Children's game rooms are responsible for the bulk of attendance: West Center, with total attendance of 1,808 for the month, showed 1,518 youngsters using game room facilities. These are open six days a week. Townsend Clubs drew 120 persons and children's crafts brought the remaining 170.

At East Center, the total was 3,116 for November. The game room attracted 2,859, children's crafts 205, leather crafting 18 and textile painting 34. The latter two are for both adults and youngsters.

Volunteer leadership in crafts and social activities is being provided at West Center two afternoons and three evenings each week by a group of students from College of Saint Teresa and St. Mary's College.

Improvements at the East Center recently completed include exterior painting and asphalt surfacing of all playground area, according to Bruce Reed, superintendent of parks and trees.

Shrubbery trimming has been finished and all Lake Park rose beds have been covered with the winter, Reed said. Picnic tables and benches are being brought into the maintenance shop and repaired and painted as necessary, he said.

Hockey rinks at both centers have been set up and made ready for use, Reed reported.

GOP Leaders In State Urge Neutral Stand

MINNEAPOLIS (AP) — Min-

nesota won't become a battle ground for early support in the Republican presidential politicking for the next few months, if state GOP officials have their way.

Gov.-elect Harold LeVander and George Etzell, GOP national committeemen, suggested to the GOP State Central Committee at a meeting Saturday that members shy away from lining up with those seeking support for their candidates for the 1968 race.

"You'll feel great pressures," said Etzell. "I plead with you to resist these pressures for six or seven months."

LeVander said any favoritism on his part would only disrupt the new-found GOP unity. He added it would hurt his chance of getting his program through the legislature.

LeVander said he probably will attend a meeting of Republican governors in Colorado Springs, Colo., next weekend. He plans to avoid any alignment, as far as presidential candidates are concerned.

The new governor, who takes office in one month, announced Saturday that Tax Commissioner Roland F. Hatfield would be his commissioner of administration.

LeVander said his new aide will assist in preparing a new state budget which may climb over the \$1 billion mark for the biennium.

Hatfield is 56. He will succeed Ray Lappegard, 43, who has been in that office as an appointee of Democratic-Farmer-Labor Gov. Karl Rolvaag. Hatfield has been in state government nearly 20 years and tax

Lake City School Levy Increased

LAKE CITY, Minn. — The Lake City school tax levy will be \$500,000 in next year's collection of property taxes. This is an increase of \$25,000 over last year.

Supt. D. D. Karow said the additional levy is not enough to absorb salary and other cost increases. New costs over \$25,000 will have to come out of the reserve.

The exact valuation of the district, covering property in both Wabasha and Goodhue counties, was not available at the time of the levy, so the exact rate was not determined. However, Karow said it should not be more than four mills higher than the present rate of 133.09 for non-agricultural property and 108.09 for agricultural. For this year's tax base the district had an assessed valuation of \$3,933,886, divided about evenly between rural and urban.

GALESVILLE, Wis. (Special) — Hugh Ellison has been appointed supervisor from District 15 for the remainder of the term of John Quinn, who resigned following his appointment as county family court commissioner. The term will expire in April 1968.

commissioner the past five years.

In other statements the governor-elect said: —He will not rule out an increase in the state gasoline tax but will not call for any "new major taxes," including the income levy.

—He will give high priority to bills to implement stronger Metropolitan government, as in the sprawling Twin Cities area, and to provide tax relief for senior citizens.

—He remains opposed to legalizing sale of liquor in Minnesota on Sundays.

Von Braun Sees U.S. Landing on Moon in 1968

WASHINGTON (AP) — Dr. Werner Von Braun said today "there is a distinct possibility" that the first American may land on the moon in 1968.

But he is convinced the Soviets haven't given up the race to get there first.

Von Braun, head of the Saturn V rocket program, discussed the manned moon-landing in a copyrighted interview in "U.S. News & World Report."

"Our confidence that we will do it before the decade is over is very high," said the German-born scientist. "Our confidence that we will do it in 1968 is not nearly as high. There is a distinct possibility that, if everything really clicks and we don't hit any major snags, it may come off in '68."

268 Arrests On Highways

ST. PAUL (AP) — The Minnesota Highway Dept., said Sunday last weekend's saturation traffic enforcement program netted 268 arrests and 235 warnings from 1,445 vehicle checks.

The saturation program, conducted by the Highway Patrol, will run each weekend through New Years.

Here is a breakdown of ar-

rests: 203 speeding, 25 miscellaneous traffic violations, 17 improper drivers license, 14 drunk driving, 12 open alcoholic beverage, two minors in possession of alcohol, nine faulty vehicle equipment.

Trial of Florida Man Opens Today

FREEHOLD, N.J. (AP) — Dr. Carl Coppolino, charged in Florida with the murder of his wife, goes on trial today for the strangling of a retired Army officer, once the couple's neighbor.

The state said it would ask the death penalty for Coppolino, advancing as a motive an alleged affair between the anesthesiologist and the wife of the

victim, Lt. Col. William E. Farber.

The first day's session in Monmouth County Superior Court before Judge Elvin R. Simmill was expected to center on jury selection.

Coppolino has turned over his defense to F. Lee Bailey, 33, a Harvard-educated attorney who won a retrial for Samuel H. Sheppard, then his acquittal last month on charges of beating his first wife to death.

Handling the state's case is Vincent J. Keuper, Monmouth County prosecutor. Keuper, 64, was admitted to the bar seven years before Bailey was born.

Coppolino, 34, is also under indictment for first-degree murder in Sarasota, Fla., for the slaying of his physician wife, Carmela.

An investigation of her death, supposedly by heart attack, was triggered when Farber's wife talked to the FBI. Her conversation also led to the exhumation of her husband's body and a determination that he died from strangulation — not a "coronary thrombosis" as listed in the death certificate signed by Carmela Coppolino.

Authorities said Farber's widow, Marjorie, the mother of three, told them: "I tried to kill my husband, but Coppolino came in and did kill him and I watched."

She also said in a pretrial appearance that she and Coppolino had been "very intimate."

In early 1965, about a year and a half after Farber's death, Coppolino, his wife and two daughters moved from Middletown Township, N.J., to Sarasota, Fla.

Four months later, Mrs. Farber became their next-door neighbor again, building a house alongside the Coppolinos.

Four days after Mrs. Farber arrived, Carmela Coppolino died. Within six weeks, the physician married Mary Gibson, 39, a divorcee with two children, leaving his home and moving into her luxurious waterfront villa.

Mrs. Farber then went to the FBI. Investigations were begun in both cases and Coppolino was arrested.

Florida officials said Mrs. Coppolino's heart was in perfect condition and that her brain contained traces of the drug succinylcholine chloride. But they agreed to have Coppolino returned to New Jersey to stand trial first, reportedly deciding the Farber case should have precedence.

Frustration is an aggravating emotion that will do a person some real damage unless one understands it, and then it can be controlled. Today I'm going to write about taming frustration.

Human emotions are wonderful, crazy, sometimes mixed up things. Without emotion we would lack love, thus warmth, fear, thus caution, desire, thus drive, and in general, the feel of life itself. But emotions have another side that's not so orderly or easily coped with.

Emotions out of hand can foster hatred, jealousy, and insecurity to mention a few by-products of emotional upset. But what about frustration, that uneasiness that gnaws away on a person when his plans go amiss. Or, when you just can't be understood, no matter how hard you try. Have you had it? Sure, haven't we all?

IT'S THIS emotional stress that erupts in frustration that we're concerned with today. That aggravating feeling that has a way of compounding any and every negative thing that comes your way to where you gain a feeling of righteous indignation that seems to justify every and anything you do to vent it, such as slamming the door, kicking the cat, or screaming at your wife.

The point is, while it's normal to feel frustrated at times, one is soon highly criticized if he lets his frustrations control him instead of him controlling his frustrations. Now the question is, how?

How does one who is torn apart from within, function properly in his society by controlling his frustrations? I have a suggestion. It isn't new. It's just that at the time we're frustrated, we become so involved with venting our feelings or fall into such a depression of despair, that we fail to call up the right solution.

THE URGE to vent frustration isn't wrong within itself. It's how we do it that makes a difference. A doctor whose material I enjoy reading, suggests that when frustrated, exercise. Pick up weights, do push-ups, go for a run, or do something that allows you to smash things, like hitting a golf ball, a punching bag, or driving nails. Just plain work will help to let off a head of steam, so to speak, built up but unused when things went wrong.

The jealous suitor that shoots his sweetheart, or the guy who kicks the cat are both being violent, and in violence there is always danger, to say nothing of transgressing on another's rights and welfare.

SCHOOL YOUR mind so that you can tame your frustration. Predetermine that you will

sooner or later become frustrated. When the time comes, be set on venting your stored up, misguided energy by including in hard work or exercise, and you will win on every count. Your frustration will subside while you gain useful exercise or accomplish whatever work you undertake.

Learning to tame one's frustration is once again "Something to Live By."

HOPE Seeks Relief From Real Estate Taxes

A NEW ORGANIZATION, seeking relief from real estate taxes, has been formed in Minnesota and is now recruiting members in Southeastern Minnesota.

Name of it is HOPE, with the letters indicating Home Owners Protection Effort. Chairman is Harry Newby of Cloquet. Its objectives, he says, are as follows:

1. Minnesota needs a Taconite Amendment for real estate.

2. Why? Minnesota real estate taxes are regressive, discriminatory, confiscatory not based on ability to pay.

3. Minnesota needs a constitutional amendment prohibiting real estate taxes from being over two percent of market value. Example: \$10,000 home at two percent—\$200; \$15,000 home at two percent—\$300.

4. Minnesota needs a uniform assessor system of assessing to insure equal market value in the state. Real estate taxes over two percent of market value become confiscatory. Roland Hatfield, Minnesota tax commissioner, has suggested a study of setting a two percent limit on real estate taxes.

5. California is trying to pass a constitutional amendment limiting real estate taxes to one and one-half percent of market value.

6. Oregon is trying to pass a constitutional amendment limiting real estate taxes to two percent of market value.

7. Minnesota real estate has an unfair system of classification.

8. Minnesota has too much land tax exempt. Minnesota Tax Commissioner Hatfield's report shows over one-third of all land in Minnesota is tax exempt and more becomes tax exempt each year.

9. The village of Carlton has approximately 700 people. The Nov. 14 Planning Committee report shows that 44.9 percent of all land is tax exempt in Carlton Village.

10. An average American homeowner pays four to eight times more to federal government in income tax than he pays for local real estate taxes. Yet, local real estate taxes must pay for city, village, county and special units and some state costs. (18.4 mills in 1968)

11. All welfare should be paid by federal and state funds, not by local taxes.

12. Real estate should go to pay only local taxes, not schools. The school tax is generally 50 percent of total tax. The state's responsibility is to provide education under the constitution. At the present time, state of Minnesota has a surplus of \$300,000,000.

13. The local tax lines are out of date. The tax base is too small for many units.

14. Dean Spillhaus, formerly of the University of Minnesota, stated recently that real estate taxes are out of date for model U.S. cities. As an example of experimentation that is needed, Spillhaus pointed to real estate taxes. It is not a proper way to tax because it tends to congestion, not dispersal. As the population of the city grows, he commented, there is a demand for more services. Taxes rise so that the city can pay for the added services and as taxes mount, smaller buildings make way for high-rise structures which can bear the spiraling taxes and still show a return on investment. These skyscrapers, in turn, attract more people to the city and the "concentration is compounded."

15. Tax money can be raised in only one of three general ways. (1) By what you own, real and personal property taxes. (2) What you earn, state and federal income taxes. (3) What you buy or use, a sales tax or excise or use tax.

16. What can you do to help? In Minnesota, only the legislature can put an amendment to the state constitution on the ballot. That means pressure must be brought to bear on the governor and each legislator. How can you do this? By organizing a HOPE committee in your community and writing personal letters to the governor, senator and state representative asking him to put this question on the ballot.

17. If anything is to be done in this session, you must act fast. Jan. 3 the session of Minnesota Legislature begins and ends 120 days later.

And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul.—Genesis 2:7.

Case Against Oswald Solid

By DAVID LAWRENCE

WASHINGTON — Murders are often decided by circumstantial evidence — and the case of Lee Harvey Oswald, who killed President Kennedy, can be judged the same way.

The real mystery is why there has been so much suspicion engendered that someone contrived with Oswald as an accomplice to commit the crime. For there is evidence of the grudge of one individual. It is surprising that this has not been given more attention.

The records of the Warren Commission, for instance, show that Lee Harvey Oswald was transferred from active duty in the Marine Corps in 1959 under honorable conditions, but later, when it was learned that he had defected to Russia, he was given an "undesirable" discharge from the Marine Corps Reserves. He was still proud of his service in the Marine Corps and attempted to have the taint removed from his discharge papers. He wrote to the then secretary of the navy, John B. Connally, on Jan. 30, 1962, a letter in which he said: "I shall employ all means to right this gross mistake or injustice."

MR. CONNALLY, who had already resigned to run for governor of Texas, wrote back to Oswald that he had forwarded the letter to his successor in the Navy Department. But Oswald continued to nurture his grievance and, when he heard that the Texas governor was going to be in Dallas, may well have made up his mind to get revenge. Gov. Connally told the commission in his testimony: "I am not at all sure he was shooting at me. I think I could with some logic argue either way."

But the fact remains that Oswald was deeply affected by the "undesirable" discharge and sought redress. He owned a rifle and apparently had no hesitancy in using it. The Warren Commission said in its report:

"Even though Oswald apparently did not express any hostility against the President or Gov. Connally, he continued to be concerned about his undesirable discharge. It is clear that he thought he had been unjustly treated. . . . He continued his efforts to reverse the discharge by petitioning the Navy discharge review board, which finally declined to modify the discharge and so advised him in a letter dated July 25, 1963."

THE WARREN Commission, moreover, stated:

"It should be noted that Marina Oswald testified on Sept. 6, 1964, that she thought her husband 'was shooting at Connally rather than President Kennedy.' . . . At the time Oswald fired the shots at the presidential limousine, the governor occupied the seat in front of the President, and it would have been almost impossible for Oswald to have hit the governor, without hitting the President first."

It has been inferred that, because Oswald might have had other and more favorable opportunities to strike at the governor, he would not have taken the risk of shooting Connally when he was riding with President Kennedy. But all this ignores the age-old fact that murderers often are governed not by logic but by strange impulses and even may choose a dramatic situation in order to gain public notice. Also, while some plan their crimes a long time in advance, others act on the spur of the moment.

THE NET RESULT of all the evidence is that Lee Harvey Oswald was bitter and vengeful, not merely against Gov. Connally but against the government of the United States as a whole because he felt he had been unjustly treated. The idea that someone else was involved has nothing tangible to support it. Discussion, however, will continue in the future as it always has in the past on spectacular murders. When new theories are introduced, the simple facts on record which establish the motive are often ignored.

Oswald turned to Communism, as many other persons of unstable minds have done, but his objective was to get attention. He joined the "Fair Play for Cuba Committee." He went to the Soviet Union and sought to renounce the American citizenship, but later abandoned the idea and brought his Russian wife to the United States.

A deranged mind needs no accomplice. Lee Harvey Oswald was bitter at his fate, and used his rifle against the man or men he believed to be responsible for his disgrace. What more motive for a crime does an impassioned or disordered mind need?

German Magazine Charges JFK Had Addison's Disease

By DREW PEARSON

WASHINGTON — West Germany's leading news magazine, Stern, is the first periodical in the world to publish what may well be the real explanation for one suppressed part of the investigation of President Kennedy's death. Stern's senior editor Henri Nannen came to Washington to investigate the assassination, and talked with members of the Warren Commission. He is convinced that the Warren report is accurate and that no other assassin aside from Lee Harvey Oswald was involved.

But Stern explains the suppression of the autopsy report on the grounds that President Kennedy was suffering from Addison's disease and his family did not want it known. This would have been revealed in the autopsy report.

"The Kennedys had reason to keep silent," says Stern. "A sick Kennedy was killed in Dallas. . . . Kennedy had Addison's disease. This is not totally unknown; Theodore Sorenson mentioned it in his 'Kennedy' biography."

"There is no medical reason why a man afflicted with this disease should not be president (since the illness can be controlled like diabetes), but politically Kennedy's illness could become dangerous. Addison's illness — it sounds sinister. Few Americans know of it and its symptoms."

"For the Kennedys there was no doubt of the murderer — Lee Harvey Oswald." Continues Stern: "Already in 1964 Robert Kennedy told Egon Vacek, 'Don't you think I would do everything to get the real murderer if I had any doubts?'"

"BUT THE Kennedys went one step further: In withholding the detailed autopsy report of the Addison condition, which would mean that the illness and its degree was to be kept a secret. This intent of secrecy seems to be shown also through the fact that the Kennedys hid the X-rays, even from the Warren Commission. . . . Dr. A. J. McSweeney confirms that X-rays could have revealed the Addison's disease."

"This would also explain the lack of date on the Warren Commission autopsy report. This report was in effect changed so that it contained

no mention of the President's illness.

"To the quite evident question of why the Kennedys should refuse to admit that the President was not killed by a bullet in his back . . . not one of the speculators has been able to give an answer."

"The suppression of the Addison's disease in the autopsy report explains also the attitude of the doctor who requested the inclusion in the Warren report of the fact that he destroyed his notes."

Otherwise hundreds of people would have been faced with lying under oath, which would have been deplorable."

Note — When the late President Kennedy was a candidate for the Democratic nomination, the report persisted that he was suffering from Addison's disease. However this was emphatically denied by the Kennedy family. Later many physicians pointed out that the swelling of the late president's face — he became much fuller-faced after entering the White House — was the result of cortisone, which he had been taking in heavy doses to check Addison's di-

sease. Doctors state that cortisone has several side effects — a puffy face, increased sex urge, and overconfidence.

TIPS TO INTERNAL revenue: Check on Schick safety razors, a division of Ever-sharp, to see whether Patrick J. Frawley, Jr., chairman, charges off as legitimate advertising the Sunday supplement published in California Nov. 6, urging California voters to vote for proposition 13. The Sunday supplement was billed as "a political advertisement," and therefore is not tax deductible. . . . In Montgomery County, Md., you will find that Farm Bureau President George Lechlied wrote a potent political letter just before the election urging the defeat of Prof. Royce Hanson as Democratic congressman. The Farm Bureau has a tax exemption. . . . Also take a look at the vigorous political activities of Stefan T. Possony, sparkplug of the Hoover library in Leland Stanford University, which also enjoys tax exemption on the basis of being nonpolitical.

Controversy Hangs Around Fulbright

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — Controversy hovers over Sen. J. W. Fulbright like an umbrella. Some he creates himself. Some of it lies in wait for him.

He went to Stockholm Sunday to deliver a lecture and was met at the airport by a bunch of hard-nosed Swedish newsmen who quizzed him on foreign affairs and civil rights. It was hardly an illuminating session.

The Arkansas Democrat was widely known before he arrived, not only as chairman of the Senate's Foreign Relations Committee but as one of President Johnson's most persistent critics on American involvement in Viet Nam and in the Dominican Republic's crisis of 1965.

The Swedes even knew his record on civil rights. The Swedish press had described him as a "liberal on foreign policy who is strongly conservative on the civil rights issue."

Fulbright refused to answer most questions on Viet Nam but on civil rights said "there has been great misunderstanding abroad, here and elsewhere, on this very matter, which is an internal matter of the United States."

He suggested a solution should begin with efforts to improve educational, health and social conditions for the Negro and pointed out that "my state has never had any riots like those in Watts, Los Angeles or Chicago."

But, if one of the Swedish newsmen had been up on recent American history, he could have pointed out that, while Arkansas had no riots, in 1957 it provided the first great civil rights crisis.

This was a test between the federal government and Southern states in carrying out the Supreme Court's 1954 decision banning public school segregation. In 1957 Gov. Orval Faubus used National Guardsmen to keep Negro children from entering Central High School.

Then President Dwight D. Eisenhower had to use federal troops to back up a court order to integrate the school. Fulbright was criticized by liberals at the time for not speaking out against Faubus.

Yet, Fulbright was one of the very few senators who had the courage to denounce Sen. Joseph R. McCarthy in the Wisconsin Republican's early days.

But Fulbright himself in 1965 was one of the 19 senators and 77 House members who signed the Southern manifesto denouncing the Supreme Court's 1954 school decision and pledging by "all lawful means" to have it reversed.

And Fulbright has voted consistently against all the Civil Rights Acts passed in this century: in 1957, 1960, 1964 and 1965.

Long ago — in 1946 — in an address on the role of the legislator in American life, Fulbright gave some insights into his thinking about the problems of a member of Congress like himself.

He said a legislator learns early there are "certain interests, or prejudices, of his constituents which are dangerous to trifle with."

Some of these prejudices, he said, are not of fundamental importance to the welfare of the nation and the legislator therefore is "justified in humoring them, even though he may disapprove."

He said he didn't consider the endless battle in Congress over abolishing the poll tax — the big civil rights issue of the 1940s — as of fundamental importance and so would "follow the views of the people of my state."

But, he said, on an issue as important as supporting the United Nations, he would support it no matter how his constituents felt. Fulbright has needed presidents other than Johnson. In 1958 he called Eisenhower's foreign policy a "drift to disaster." And when the Republicans gained control of Congress in 1964, Fulbright suggested President Harry S. Truman resign after appointing a Republican secretary of state to succeed him. There was no vice president then.

To Your Good Health

Ailment Of the Newborn

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: My son had thrush mouth at the age of five weeks. The doctor gave me a prescription for him, but he still has this trouble. His mouth is just white inside. What causes it and is there a cure? Can it return? Is it painful for him? — Mrs. M. G.

Thrush is an infection of the mouth membrane caused by a yeast-like fungus, *Candida albicans*. It causes a white membrane which, if peeled away, causes bleeding.

The fungus is quite common but seems to affect principally newborn children whose nutrition is deficient, or who are not very strong.

If any question arises as to whether a case is thrush, microscopic examination of scrapings of the tissue will settle it.

YOU DO NOT give me enough information to identify the medication you are using, or how you administer it. One treatment which has been found to be usually effective is swabbing twice a day with one or two percent solution of gentian violet, but I know that other treatments are used.

I hesitate to say that the ailment is "painful" to the baby, but it certainly can be irritating and it sometimes makes feeding difficult. Since nutrition is very important to a very small child, this aspect must be watched closely.

Yes, thrush can recur (and it also can be stubborn, too) and once you get it under control it is wise to watch for any sign of recurrence, and stop it promptly. The fungus can be present in the household environment, and can survive indefinitely in dust.

Dear Dr. Molner: Can you give me some information about fistula and fissures? I have had two operations and there is still a drainage. — M. Y.

Particularly with a fistula, healing takes time and once you understand the basic problems involved, I suspect that a discussion with your surgeon will give you a more accurate understanding of how you are progressing and what further treatment will help you.

Failure to Dim Lights Traps Runaways

ALBERT LEA, Minn. (AP)—Failure to dim automobile lights probably saved three juvenile runaways from Minneapolis a walk in the cold Saturday.

Highway patrolmen pursued and stopped a car on Highway 65 about 4 a.m. after noticing the driver had not dimmed the lights.

The driver, it turned out, was a Minneapolis boy of 12. The passengers were two boys, 14.

The three were taken to the Freeborn County Jail, to await arrival of their parents. The car they were using was owned by the parents of one of the boys. The gas tank was nearly empty, and the youngsters had no money.

One of the boys said he ran away because "I was mad at my mom." The others said they had just gone along for the ride.

\$150,000 Damage In St. Paul Fire

ST. PAUL (AP)—Damage was estimated at \$150,000 in a four-alarm fire which roared through the Otto N. Esch Equipment Co. warehouse Sunday.

Gregory Esch, son of the owner, made the estimate. Twenty-one pieces of fire equipment were sent to the scene after an explosion at 4:13 p.m. rocked the two-story building. Other explosions followed when the flames reached fuel drums. At the height of the blaze, flames leaped 200 feet into the air. Only the walls of the building were left standing.

No injuries were reported. Extra police handled traffic jams as firemen strung hoses across Marshall and Snelling Avenue intersections, major traffic arteries.

Judy to Seek An Annulment

LOS ANGELES (AP)—Singer Judy Garland will seek an annulment of her fourth marriage on the grounds it was never consummated, her attorney announced Friday in Los Angeles.

Miss Garland, 44, married actor Mark Herron, 36, on Nov. 14 last year in Las Vegas. They separated five months later.

Herron originally filed suit for separate maintenance last Aug. 3. He later amended the complaint and asked for a divorce.

HARRIS SURVEY Confidence in LBJ Shrinks

By LOUIS HARRIS

LOS ANGELES — In the aftermath of President Johnson's inconclusive trip to the Far East and amid growing concern over the domestic economy, confidence in the over-all job the President is doing has sunk to an all-time low of 43% approval.

When the Chief Executive went on his dramatic journey to Asia, public hopes for settlement of the war in Viet Nam rose, as they had during the bombing pause a year ago and in July when oil depots in Hanoi and Haiphong were bombed. Now, as before disillusion has set in.

Specific approval of the way the President has handled the war is down again to the 42-58% negative rating which existed just before his trip. It rose temporarily to 49-51% negative at the time of the Manila conference, helping to bolster his over-all job rating.

Three times now the pattern has been the same when the President has taken some new tack regarding Viet Nam — an immediate reaction of Euphoria followed by a drop of his over-all rating to a new low.

But the Viet Nam troubles of Lyndon Johnson grow pale compared with the loss of confidence he has suffered in the area of the domestic economy. His marks on keeping the economy healthy are now 35 to 65 percent negative. This is a drop of 20 points since July and 34 points since a little over a year ago.

MR. JOHNSON'S economic difficulties stem not only from rising inflation, but also from anxiety over soft spots in the economy, such as automobile sales and home building. People in all walks of life report that they are hurting from the high cost of living, and worry over jobs is also mounting.

Finally, despite the cooling off of the hot civil rights summer, the President's rating on handling racial matters has also dropped to a new low for the year, to 41 percent approval.

To some degree this public reaction to the President is part of the backwash of the recent elections. It is a kind of winter solstice in his tenure in the White House. He has shown recuperative powers before in his standing with the public and likely will again.

CERTAINLY IT would be a mistake to count him out as a winner in the 1968 Presidential elections. However, the drop in the confidence ratings coincides with an earlier Harris Survey finding that Mr. Johnson

Shoot a Hog, I Shoot Back

MARDELA, Md. (AP) — Farmer Paul Phillips wanted to make certain that hunters who annually flock to this Eastern Shore area during the deer season don't shoot unless they are certain of their quarry.

He posted four signs along his property where it joins the road:

"Shoot a deer,
"Mount a rack,
"Shoot a hog,
"I shoot back."

Connecticut May Ban DDT Contracts

HARTFORD, Conn. (AP) — The Connecticut Board of Pesticides is considering a proposal to ban the use of the insecticide DDT by contractors hired to spray plants.

The measure would not restrict the use of DDT by homeowners, farmers or municipalities. The state has already banned the spraying of DDT from airplanes.

Mr. Johnson faces a new Congress and a serious erosion of his national "consensus." Most Americans are sympathetic with the plight of their government in Viet Nam and support the war by a 7 to 3 margin. But frustration, compounded now by economic pain, is mounting.

Confidence in LBJ Shrinks

By LOUIS HARRIS

LOS ANGELES — In the aftermath of President Johnson's inconclusive trip to the Far East and amid growing concern over the domestic economy, confidence in the over-all job the President is doing has sunk to an all-time low of 43% approval.

When the Chief Executive went on his dramatic journey to Asia, public hopes for settlement of the war in Viet Nam rose, as they had during the bombing pause a year ago and in July when oil depots in Hanoi and Haiphong were bombed. Now, as before disillusion has set in.

Specific approval of the way the President has handled the war is down again to the 42-58% negative rating which existed just before his trip. It rose temporarily to 49-51% negative at the time of the Manila conference, helping to bolster his over-all job rating.

"Comfort Ye My People" and "Every Valley Shall Be Exalted" from Handel's Messiah, Martin McGuire, tenor; and "Un Bel Di" from Puccini's Madame Butterfly, sung by Arlene Jacobsen, soprano.

Miss Gloria Welch will accompany many of the selections on the piano.

Jess Edgars Note Golden Wedding

WEST PRAIRIE, Wis. (Special) — Mr. and Mrs. Loyal Van Vleet were hosts at a Nov. 25 family dinner in honor of the 50th wedding anniversary of Mr. and Mrs. Jess Edgar.

Miss Cora Newberry and Jess Edgar were married Nov. 25, 1916 at Onawa, Iowa. For several years, they lived in Mapleton, Iowa, where Mr. Edgar was employed by the Heat, Light and Power Co. For more than 30 years, the Edgars have been residents of this area.

They have three children: Mrs. Van Vleet, Mrs. Troy McWain, St. Paul, and Irvin, Galveston, Texas.

Rushford Children's Contest Set Saturday

RUSHFORD, Minn. — Rushford Commercial Club will sponsor a Christmas party for children Saturday. A free movie will be shown at Trojan Theater and bags of candy will be presented to each child by Santa Claus.

A holiday lighting contest will be held. Turkeys will be awarded Dec. 17 and 24 at 3 p.m. Stores will be open for shopping each weekday night beginning Friday but will close early Christmas eve.

RUSHFORD COLLECTION

RUSHFORD, Minn. — Rushford VFW Post 5905 is conducting the Muscular Dystrophy drive here. Canisters in which people may drop coins will be placed in business establishments throughout the area, Commander James H. Johnson said. Funds received will be used to support the muscular dystrophy clinic at Fairview Hospital, Minneapolis. More than 200,000 persons are afflicted with the disease in the U.S.

CHATFIELD REASSESSMENT

CHATFIELD, Minn. — The City Council last week increased its budget \$4,000 for the purpose of reassessing all property in Chatfield. Paul Prinzing, Fillmore County assessor, appeared before the council and recommended it for the portions of the city in both Fillmore and Olmsted counties.

Lake City Hospital Group Hold Party

LAKE CITY, Minn. (Special) — Hospital employees held a Christmas party Saturday evening at the Terrace Club.

Stanley Studer, hospital X-ray technician, was master of ceremonies at the event attended by 130 guests.

Miss Muriel Copp and Miss Ardis Esterby, accompanied by Mrs. Norman Holst, sang several songs. Community singing of carols and folk songs followed.

ROLIN JOHNSON, administrator, gave a brief talk, thanking all present for the fine cooperation given him with his work at the hospital.

Program arrangements were made by the Meses: Frances Dammann, Robert Gillen, Anne Krismar, Donald Feehan, Ralph Heise, Ralph A. Goede, Dorothy Nygren, Elsie Copp, Helen Tighe, Walter Kehren and Richard Walters; and the Meses Carol Campbell, Mary Zell.

Boat Club Meets for Dinner-Dance

Forty members and guests of Winona Boat Club attended the Christmas party at the club house in the Harbor, Saturday. The club was decorated with a lighted silver tree, a mantel with Christmas stockings hanging on it waiting for Santa to come, and mistletoe hung over the dance floor.

Music for dancing and singing was provided by Al Prochowitz at the piano. Bean guessing contest was won by Thomas Mason and Don Burkhardt; special prizes were awarded to Evan Beynon, Herbert Hassinger, Joseph Muzika and Sam Morken. Mrs. Morken won one grand prize—a turkey, and Mrs. John Ehlers, Jr., won a ham.

The hors d'oeuvres table was arranged by Mr. and Mrs. George Mahl assisted by Mr. and Mrs. Ehlers and Mr. and Mrs. Morken. An organized potluck dinner was served at 11 p.m. Dancing continued after the dinner.

LEGION AUXILIARY

OSSEO, Wis. (Special) — American Legion Auxiliary will hold its Christmas party at 8 p.m. Tuesday in the Cabin in the Pines. All members are asked to bring a gift to exchange and something for the potluck lunch.

The officers of the Osseo Music Mothers urge all members to be present for the meeting which will be held Tuesday, Dec. 6, 2:30 p.m., in the band room of the Osseo Community School. Members who have not paid their dues are asked to do so at this meeting.

AT AAUW LUNCHEON . . . Miss Margaret Driscoll and Sister Jordan, recipient of an AAUW fellowship, discuss program notes before the luncheon held Saturday at the College of Saint Teresa.

St. Bonaventure

Sister Jordan Speaks on Study of 'Meditations'

Sister Jordan, American Association of University Women fellowship recipient, presented a talk on her project under the scholarship at the AAUW luncheon meeting at the College of Saint Teresa Saturday.

Her original project for her doctoral study was the editing of a critical text on the "Meditations on the Passion of Christ" by St. Bonaventure. Through her research in England, including the discovery of a hitherto unknown manuscript of the "Meditations" in Manchester, and her work in France and Italy, Sister proved that the work attributed to St. Bonaventure was actually written by an Italian monk in the 13th century. She pointed out that the "Meditations" had a popular appeal to the people and had a considerable influence on the culture of its period — both in religion and art.

Sister Jordan received three additional grants for special study, for teaching at the University of Milan, and touring southern France, Belgium, Spain, Greece, Lebanon and Palestine. She was able to examine the Dead Sea Scrolls and manuscripts dating back to 1000 B.C. while in Palestine.

In thanking the AAUW for its fellowship grant, Sister said, "I now have four talents, three additional grants and a degree all dependent upon the original fellowship."

Miss Margaret Driscoll, president of the Winona branch of the AAUW, announced sponsorship of the selection of Winona County's outstanding senior citizen.

All residents of the county and city are invited to submit nominations. Blanks for this purpose are available from Miss Dorothea Huntley at the YWCA.

Nominees must be at least 70 years of age before Feb. 23, 1967 and must have been residents of Minnesota for the past 10 years. Each candidate must also be active in community affairs at the present time or in the recent past.

Members of the committee are Miss Huntley, Mrs. Robert Heyden, chairman, Miss Agnes Bard and Mrs. Herbert Honer.

The Triple Trio entertained the 130 members and guests present.

Miss Janice M. Goetzman, daughter of Mrs. Florence Goetzman, 378 E. 3rd St., became the bride of Walter T. Kelly, son of Mrs. Walter Kelly, Minnesota City Rd., and the late Walter Kelly, Nov. 25.

The Rt. Rev. James D. Habiger officiated at the ceremony in St. John's Catholic Church. Sister Dorothea was organist. St. John's Children's Choir sang.

THE BRIDE wore a lace-trimmed white crepe Mexican-style dress and open pillbox trimmed with a matching lace circlet holding her illusion veil. She carried three long-stemmed white roses.

Miss Diane L. Erickson, Green Bay, Wis., was maid of honor and the Misses Suzanne Petersen and Jonelle Millam, Green Bay, bridesmaids. They were all dressed alike in gold colored crepe frocks fashioned like that of the bride with matching lace trimmed open pillbox headpieces. Each one carried a single long-stemmed white rose.

The bride's mother wore a two-piece cranberry colored wool dress. The groom's mother wore a two-piece silver brocade dress.

Alfred Ciolekiewicz, Lakeville, Minn., was best man. Ronald Keller, Minnesota City, Minn., and Philip Kaczorowski, Fountain City, Wis., were groomsmen and Leo Daley, Lewiston, Minn., and James Kubicek Jr. Bluff Siding, Wis., ushered.

Miss Peggy Berg, Green Bay, was the bride's personal attendant.

ASSISTING at the reception held at The Oaks, Minnesota City, were Mmes. James Suchomel, Minneapolis; A. L. Ciolekiewicz, Lakeville; Barry White, Winona; Philip Kaczorowski, Fountain City; and the Misses Barbara Kubicek, Bluff Siding; and Eileen Lano, Winona.

The groom graduated from Winona Senior High School, is presently a junior art major at Winona State College. The groom graduated from Cotter High School and St. Mary's College with a degree in physics. He is teaching at Aquinas High School, La Crosse, in the mathematics - science department.

Both Dosch and his wife grew up in the Brainerd - Crosby area. He taught at Annandale before the family moved to International Falls in 1964, and bought a three-bedroom rambling.

He was an avid outdoorsman, friends said.

Dosch was a graduate of St. Cloud State College and was taking graduate work there in the summer. He was active in community affairs, and was president of Local 331, Minnesota Federation of Teachers.

A fund to be used for the family welfare is being set up through the International State Bank.

Man Drowns At Hayward

HAYWARD, Wis. (AP) — Two snowmobiles broke through the ice of Lake Nelson Sunday, plunging four Medford men into the water. One of them drowned.

The drowning victim was Ewald Frischman, 51, a meat market owner. Search for his body was continuing today.

Walter Maslowski, 50, Gottlieb Widmer, 65, and Wayne Widmer, 37, son of Gottlieb, managed to crawl back onto the ice but Frischman never surfaced.

College Professor Drowns While Skating

HUGO, Minn. (AP) — A Bethel College professor, skating with his daughter and her 13-year-old companion, broke through the ice on Peltier Lake Saturday and drowned.

Dr. Quentin R. Bohne, 43, was

chairman of the department of physical sciences and mathematics at the St. Paul school.

Dr. Bohne and Carol Knabe fell through the ice at the same time. His daughter Lauralyn, 13, told officers she ran over and pulled out Carol.

By this time, she said, her father had already gone under the surface of the water. She grabbed his hands, but was

pulled into the water.

When Lauralyn came up, she said she remembered where the thicker ice was, swam to it and pulled herself to safety.

The Bohne family lived about a half mile from the lake.

Three sons, 15, 10 and 5, and the victim's widow, Marilyn, also survive.

The body was recovered Sunday.

U-Shaped Rear Features Modern Ranch

By ANDY LANG
This modest house has big possibilities. Although its total habitable area would be figured at only 1,382 square feet, an expansive outdoor arrangement and a well-placed service center add economically to the actual living space.

ALSO, if the basement is finished in accordance with the plans of architect Lester Cohen, a tremendous section of the house can be turned over to informal entertainment by both teen-agers and adults.

A version of the always-popular U-shape is provided at the rear of Design G-65, in line with the swing to more privacy for outdoor activities. There is also a suggestion of the U-shape at the front, with the garage wing at one side and the bedroom wing at the other, outlining the welcoming entry porch.

However, it's the back of the house that adds the big dividend of good living.

A FLAGSTONE terrace is flanked by the kitchen wing on the left, the bedroom extension on the right, thus providing the desired measure of privacy for the barbecue. Since the front-to-rear dimensions of the house are

only 36 feet 10 inches, the terrace can be extended as far back as desired and the property will allow.

The interior has been planned with an easy flow based on the center hall. The living room to the left of this hall is a "dead end" location and so can be kept in order with a minimum of effort.

Its extensive wall space and picture window area can be used for the intended purpose. Decorating need not allow for paths of access; and furniture can be placed where it looks best.

THE BEDROOM hall meets the center hall and takes over from there. The hall bathroom is convenient to the living areas and offers a guest vanitory anteroom with bathroom to the back of it. In the master bedroom, there is a buffer wall

City Issues 33rd Permit For Dwelling

Winona's 33rd permit for new house construction this year was issued at the city engineer's office to Royce-Sather Construction, Winona, for a house to be built at 416 Lake St.

The 56-by-26-foot structure will be of split-level construction with attached garage and have gas-fired forced air heating. Cost was estimated at \$28,000.

This and other permits issued last week raised the dollar volume of building permits written this year to \$10,170,691.

Going into December last year the total was \$7,043,252 and there had been 28 new house permits issued.

OTHER NEW permits went to:

Peerless Chain Co., 30 Walnut St., \$1,500 for construction of a canopy over the sidewalk at 51 Walnut St. Fowler & Hammer, Winona, is the contractor.

City of Winona, \$1,300 for interior remodeling at City Hall. The job involves remodeling of a first floor area housing the public health nursing service to provide office space for the city planning coordinator and the city housing administrator.

Virgil Smith, 750 W. Broadway, \$527 for remodeling and enlargement of a rear porch.

Fritz Hoffman, Rollingstone Lumber Co., is the contractor.

Permits for gas-fired installations were issued to:

Jerry's Plumbing Service, for Pete Walsh, 379 E. 2nd St. Quality Sheet Metal Works, for George Tandesk, 358 Mankato Ave.; Walter Fritz, 909 E. Sanborn St.; and Sylvester Lilla, 719 E. Corrections Budget Near \$30 Million

ST. PAUL (AP) — The Minnesota Corrections Department presented a budget request of \$29.7 million — a proposed increase of 55.8 percent — to Governor Harold LeVander today.

Much of the proposed \$10 million increase would pay for 238 new jobs.

The largest numbers of new positions would be at the Red Wing Training School for Boys, 50 at the Lino Lakes reception center, 24 at Stillwater State Prison and 20 each at the Women's reformatory at Shakopee and at the Home School for girls at Sauk Center.

At Red Wing, where escapes have been a problem, 34 new security jobs are requested.

Proposed budget increases include nearly \$2 million for Red Wing, \$1.8 million for Lino Lakes and \$1.6 million for the men's reformatory at St. Cloud.

State Building Ahead of '66

Despite a drop in October, Minnesota's valuation of building permits issued during the first 10 months of this year remained slightly ahead of the total for the January - October period in 1965.

Permits for new construction alterations and repairs issued at reporting centers throughout the state during October totaled \$17,808,347, compared with \$11,010,154 in the same month a year ago, the Federal Reserve Bank of Minneapolis found in its monthly report on building activity throughout its district.

The cumulative total for the first 10 months this year is \$450,011,043, up slightly from 1965's \$443,340,990.

Throughout the district, valuation of permits in October dropped from \$76,717,994 in 1965 to \$66,795,400 this year. For the first 10 months of the year the volume increased from \$614,482,147 in 1965 to \$633,030,091 this year.

\$40,000 Budget Proposed For Older Adult Center

A total proposed yearly budget of \$40,000 for the proposed Winona County Multi-Purpose Center for Older Adults was reported by Mrs. Paul Koprowski, chairman of the finance committee, when the planning council met Friday evening at St. Anne Hospice.

Purpose of the meeting was to coordinate committee reports prior to the writing of the final report.

On the basis of the matching grants available, ten percent of this amount will be contributed by Winona County area citizens and community groups, said Mrs. Koprowski. Within the next several weeks

considerable effort will be made to achieve this goal through the donation of items in kind and in cash, she added.

MRS. H. K. ROBINSON and Mrs. Jack Leaf are co-chairmen of a sub-committee to obtain volunteer service hours. Sister Mary Jude, administrator of St. Anne Hospice, and the Rev. Eugene K. Meyers, administrator of the Paul Watkins Memorial Methodist Home, will secure the use of satellite space and facilities. Vern Smelser will head the effort to secure equipment as an item in kind.

Rev. Meyers presented the personnel committee report. The proposal includes two full-time positions — a professional director and an office secretary.

A job description has been drawn up for the position of director. Provision also was made on the staff for a part-time custodian and a host or hostess to assist with the program, reported Rev. Meyers. The salary level for the director was discussed and will be comparable to area employment scales for similar positions.

IT WAS reported that the program committee with Vern Smelser as chairman, has drawn up a comprehensive plan which provides for cooperation with and consultation from other city and county agencies, such as the various counseling services in the fields of health and welfare, employment, education, and recreation. It was explained that emphasis is on a "do-it-yourself" and "do for others" program with active participation by members themselves.

A. J. McGill heads the effort to find a suitable facility for the Center. The group discussed the availability of various locations and it was agreed that a downtown walk-in building would be the most advantageous in terms of clientele who would be using the facility.

The formal presentation of the planning council will be made to the Southeastern Minnesota Community Action Council before Jan. 1, 1967, said Ben Hayenga, chairman.

OTHERS PRESENT included Paul Koprowski, Sister Mary Jude, Mrs. Cletus Moore, Joseph Page, Vern Smelser, Mrs. Robert Heyen, Mrs. H. K. Robinson, Miss Margaret Driscoll and Sister Don Bosco.

Advisory members were Robert Sachsichale, director of the Southeastern Minnesota Community Action Council, and Gerald Farrington, coordinator for the aging in Southeastern Minnesota.

Next meeting of the planning council will be Dec. 13 at the Watkins Home.

Galesville Bank Cashier Leaving

GALESVILLE, Wis. (Special) — Orrin K. Anderson, cashier of the Bank of Galesville since 1959 and a director since 1961, has accepted the position of president and director of the Farmers and Merchants Bank of Wisconsin Dells. He will begin his new duties Feb. 1.

Raymond G. Anderson will become cashier of the bank here after the annual stockholder meeting in January. He has been assistant cashier since 1959. Barry Bertleson began working at the bank Thursday.

Anderson is president and director of the Galesville Industrial Development Corp., a member of the housing authority, director of the French Beaver Creek Watershed Association, member of the Galesville school board, and has held many other positions among bankers and in the community.

Petition Asks Nursing Home At Plainview

PLAINVIEW, Minn. — A petition is being circulated in Plainview asking the Village Council to survey the needs, potential occupancy and costs of a municipally operated nursing and rest home here.

The petition is being circulated by the Jaycees in cooperation with other civic groups principally to poll residents to see if the majority believe a service of this type is needed.

If enough signatures are received, the Jaycees will present the petitions to the council. A committee of the Jaycees has tried for nearly two years to interest a private organization in providing such facilities, but without success. At present it is estimated that about 75 elderly or infirm people would use a home of this type if available.

Pool Discussed By Osseo Club

OSSEO, Wis. (Special) — Osseo Commercial Club discussed a new swimming pool, house numbering, Christmas and other topics at a dinner meeting at the school cafeteria last week.

House numbering has been completed and the numbers, presented to the city by American Gas Co., will be installed during the winter.

The Commercial Club, American Legion and Lutheran Brotherhood of Osseo Evangelical Lutheran Church are working together to place three billboards in prominent places for the season. They will read "Keep Christ in Christmas" and will be placed on the west and south sides of the city.

Steve Henry and James L. Ray were guest speakers. Henry, executive secretary of In-

dianhead Country, Inc., said the Trempealeau County Board and several of the cities in the area will promote tourism in the area through the organization's vacation guide.

Ray, director of the four-county Community Action program, discussed the need of promoting projects which would provide employment for youth and adults.

No One Injured In Accidents on State Highways

Two one-car accidents checked by Highway Patrol officers within the past 24 hours resulted in \$400 damage to each vehicle but no injuries to drivers.

Driving on icy Highway 61-14, Miss Jane F. Servais, 21, La Crosse, slipped off the southbound lanes on a curve at Dakota and rolled her car completely over in the center median about 6:45 p.m. Sunday. The car landed on its wheels in the dividing strip. Miss Servais was shaken up but otherwise unhurt, officers said.

A guard cable on Highway 43 held, keeping a car driven by Glenn R. Woxland, 18, Rushford, from plunging down a 75-foot bank today at 7:45 a.m. Woxland was driving toward

Winona, down the Wilson hill, when his right wheels dropped off the pavement. As he tried to pull the car onto the road, he struck a depression in the shoulder, lost control, skidded across the road and hit the cable, officers reported. The car stopped crosswise in the opposite lane.

Tools Lost in Fire at Eleva

ELEVA, Wis. (Special) — Valuable shop tools were lost Thursday about 6:30 p.m. when the 20-by-30-foot garage belonging to Erwin Barneson, Eleva, burned to the ground.

Eleva firemen worked about an hour to keep the fire from spreading to the Barneson home.

According to Chief Arno Bollinger, the fire could have started from an overheated stove in the garage or from a defective chimney. Loss of tools is estimated at \$3,000 and the building, \$1,500.

Soviet Planes Snooping Again

TOKYO (AP) — Soviet planes are again snooping on Japanese and American military bases in Japan after a lapse of three years, the Tokyo Shimbun reported today.

Quoting Japanese officials, the paper said: "Our defense radar stations have spotted Soviet reconnaissance planes sweeping to within three miles off Japan's east coast areas."

The report said Japanese officials believe the Soviet planes are spying on the movement of U.S. planes, warships and transports and on Japan semi-automatic air warning network now under construction.

U.S. Customs Men Step Up Saigon Watch

WASHINGTON (AP) — The Agency for International Development is virtually doubling its force of U.S. customs agents at Vietnamese ports in an effort to cut losses in its \$400-million commercial import program.

AID officials, announcing Saturday night said it is part of an over-all effort to gain better control over the large volume of goods flowing into Viet Nam.

An Associated Press survey last month disclosed heavy losses, ranging 20 per cent or more in some areas, as a result of pilferage, corruption, black marketeering and other illicit operations.

A congressional subcommittee earlier last summer made a similar but less detailed report. While some officials dispute the size of the losses, almost all agree that the rapid increase in the commodity import program — from \$150 million in fiscal 1965 to \$398 million in fiscal 1966 — has offered wide opportunity for abuses.

An AID spokesman said the U.S. aim "is to make it too expensive now for illicit operators to take advantage of the program."

Two-State Deaths

Dr. Catherine Clark DURAND, Wis. (Special) — Dr. Catherine Clark died Sunday afternoon at St. Benedict's Community Hospital where she had been a patient two weeks.

The body will be sent to Minneapolis for cremation. A memorial service is tentatively set for Sunday morning at the First Congregational Church, Mondovi.

Details of Inaugural Ball Set

MINNEAPOLIS (AP) — Details of an inaugural ball Jan. 4 for Gov.-elect Harold LeVander were announced Saturday at a meeting of the Republican State Central Committee.

Mrs. Rhoda Lund of Edina, chairman of the planning committee, said tickets for the ball will be \$7.50 per person. The party will be held in the St. Paul Auditorium, following a public reception for LeVander in the Capitol from 7 to 9 p.m.

LeVander will be sworn in at noon on Jan. 4 and will then deliver his inaugural address to the legislature.

Attendance at the inaugural ball will be by invitation only. Mrs. Lund said black tie attire for men and long dresses for women will be optional.

Republicans were told that the party may have a deficit of around \$100,000 by mid-February despite a record fund-raising effort this year.

Joseph Kingman, treasurer of the party's finance committee, said the deficit should not be considered "burdensome" in light of the GOP election victory.

Party coffers will be replenished at a \$100-a-person dinner in the Minneapolis Auditorium Feb. 16. Robert A. Forsythe, losing candidate for U.S. Senator, was named chairman of the dinner, which annually collects \$400,000 or more for the GOP.

David Lilly of St. Paul, treasurer of the GOP State Central Committee, said he will aim to have a \$400,000 campaign kitty by the 1970 election campaign.

The central committee approved dates for GOP county and district conventions. County meetings will be from Feb. 21 to March 18 and district conventions from March 31 to April 22. The state convention will be held at Moorhead in September.

High Court To Examine Eavesdropping

WASHINGTON (AP) — The Supreme Court said today it will examine a New York law permitting electronic eavesdropping under court order.

The court said in a brief order it will decide if the legislation is constitutional. It will do so in giving a hearing to Ralph Berger, a Chicago public relations man convicted of conspiring to bribe Martin C. Epstein, then chairman of the New York State Liquor Authority.

Berger was convicted on two counts, one involving an alleged bribe in connection with a Playboy Club liquor license application in New York City, the other involving an alleged bribe in connection with a liquor license for a place called the Tenement Club in the same city.

Berger was convicted after a four-week trial and on Dec. 17, 1964, he was sentenced to one year's imprisonment. The conviction was affirmed by New York appellate courts.

Berger's appeal to the Supreme Court questioned, among other things, if the New York code of criminal procedure which allows electronic eavesdropping under court order violates the federal Constitution.

Two-State Funerals

David H. Bartel ST. CHARLES, Minn. (Special) — Funeral services were held at Goodhue Friday for David H. Bartel, the Rev. Dwight W. Hendricks, St. Charles Methodist Church, officiating.

BUFFALO COUNTY

ALMA, Wis. (Special) — For lack of prosecution, Judge Gary B. Schlossstein in Buffalo County Court Monday dismissed the case brought by Buffalo City against Mrs. Delores Olson.

Last summer Mrs. Olson pleaded not guilty to bringing a mobile home into Buffalo City Aug. 1 and parking it in a rear yard without first securing a written permit from the city council. On Aug. 11 Mrs. Olson appeared in court again, with her attorney, Marvin Fugina, Fountain City. Buffalo City Mayor Jack Drew also was present. The case was adjourned to Aug. 29 when the defendant again appeared with her attorney and the city was not represented.

GARY P. BRANDES, juvenile, rural Fountain City, lost his right to apply for a driver's license for 60 days on a charge of driving without a license in Town Buffalo Nov. 7. He was in court with his mother.

The right of David Pederson, 17, Mondovi, to apply for a driver's license was suspended for six months on a charge of operating a motor vehicle without a driver's license on Highway 85 in Peplin County Nov. 12. His guardian, Mrs. Elmer Goss, was in court with him.

Dorold McDonough, Nelson Rt. 1, pleaded guilty to non-registration of his car and was fined \$34. Arthur Jamison was driving for him when he was arrested Nov. 16 by H. L. Hoehn of the State Patrol.

On motion of District Attorney Roger Hartman, the speeding charge against David R. Hesch, Cochrane Rt. 2, was dismissed. He was arrested

10 Wisconsin Deaths, 5 in One Accident

By THE ASSOCIATED PRESS

Weekend accidents which claimed 10 lives, including five in a two-car crash near Dodgeville, have raised the state's 1966 highway fatality toll to 1,017.

The tragic pace compares to 949 on Dec. 5 last year, and to 991 on the same date in 1964, a year in which Wisconsin had a record 1,059 traffic deaths.

Iowa County authorities said Sunday they were still uncertain of the cause of a two-car crash near Dodgeville Saturday in which five persons died.

The victims were Curvin E. Brennenman Jr., 45, of Fennimore, controller of Schlitz International Inc.; his wife, Marcelle, 45; their son, Curvin III, 17; Harold Gard, 47, of Edmond and his son, Charles, 13. The Brennenman and Gard cars collided head-on at a straight stretch of Highway 18 west of Dodgeville in clear weather. County officials said there were no skid marks to indicate either car's brakes had been applied.

Freezing rain and sleet that glazed much of the state Sunday led to countless vehicle mishaps, and the death of an Illinois woman was blamed on the icy conditions.

Mrs. Sadie Schiavone, 70, of Evanston, Ill., was fatally injured Sunday when thrown from a car driven by her 43-year-old son as it spun on icy pavement at an Interstate 94 intersection southwest of Kenosha.

Kevin McCarthy, 6, of Eastman in Crawford County, died Sunday in a Madison hospital of injuries suffered Saturday when struck by a car as he attempted to cross a street in the village of Eastman.

A Racine woman, Mrs. Lois Hay, 31, died Saturday night in a head-on collision near Caledonia. Four other persons were injured.

Carl A. Woodley, 35, of Eau Claire died early Sunday when his car skidded on a four-lane highway in the city and overturned.

Barbara Reichert, 21, of rural Watertown died Saturday when a car in which she was a passenger plunged off a Jefferson County road at a curve and struck a utility pole.

FUN IN THE SNOW . . . Face splashed with snow, Minnesota Vikings' Paul Flatley (85) hugs ball after gaining first down against the Atlanta Falcons during the National Football League game in the Twin Cities Sunday. Flatley, who grabbed pass from quarterback Bob Berry for 4-yard gain, is topped by Falcons' Lee Calland (22), left, and Tommy Nobis (60). An overnight snowfall covered the field at Metropolitan Stadium and only the yardlines were brushed clear of snow. The Falcons downed the Vikings, 20-13. (AP Photofax)

DUTCH WON'T QUIT THIS YEAR

Vikes Lose to Lowly Falcons

MINNEAPOLIS. PAUL (AP) — Norm Van Brocklin was so disturbed over the play of his Minnesota Vikings a year ago that he quit as coach of the National Football League team for 24 hours.

Yet it is doubtful that Van Brocklin was any more upset in 1965 than he was Sunday after the Vikings lost 20-13 to the new Atlanta Falcons, who were 17-point underdogs to Minnesota before the slipping and sliding started on the two inches of snow in Metropolitan Stadium.

The once-volatile Dutchman won't quit now, even though his team's 3-8-1 Western Conference record is bitterly disappointing to him.

Van Brocklin still seethes when he feels his team plays badly, but it doesn't eat him inside as much as it once did.

He can talk about it and get it out of his system better.

"I found that the trick is not to play the game for the players," Van Brocklin said. "I can't get out there and throw the ball any more. Mentally, I guess that's what I was doing. I found that going in the dumps didn't help anybody. Now, I get them ready, and hope for the best."

Still, Van Brocklin must speak his piece.

"Nobody played," he said Sunday after the Vikings had five passes intercepted and lost a fumble. "I've seen high school kids scrap harder than our offensive team did today. They had no fight, no scrap, no desire to play."

"They should have those things. They're supposed to be pro athletes. Fumbles and interceptions made the difference on

the scoreboard, but they don't tell the real reason why we lost."

Third-string quarterback Bob Berry went all the way for Minnesota and got the Vikings their only touchdown on a 52-yard pass to Preston Carpenter to cap an 80-yard drive with two minutes left in the first quarter.

But the second-year man from Oregon wound up completing only 12 of 33 passes for 203 yards, had five of his tosses intercepted as the receivers had trouble maneuvering. He was thrown seven times for losses totaling 60 yards.

A Viking fumble and a pass interception turned the tide in Atlanta's favor in the second quarter, when the Falcons scored all three of their touchdowns.

Bill Lothridge's punt was killed by the Falcons on the Viking two-yard line early in the second period. On the next play, Minnesota rookie Jim Lindsay fumbled and Atlanta's Bob Riddle recovered on the Viking one. Quarterback Randy Johnson kept over right guard on the next play for the touchdown that tied it 7-7.

The next time the Falcons got the ball they drove 60 yards to score on Ernie Wheelwright's yard plunge over right tackle after Johnson passed 35 yards to Wheelwright for the key again in the drive.

Then Riddle picked off a Berry pass and churned 62 yards down the sideline in the snow to score a touchdown, and Atlanta had a 20-7 lead.

Minnesota's only scoring answers after that were Fred Sox' 40-yard field goal on a free kick after a free catch of an Atlanta punt on the last play of the first half, and Cox' 24-yard field goal after the Vikings drove 40 yards in the third quarter.

VFW Keglers Place High At Faribault

Bowlers representing Winona Veterans of Foreign Wars Post 1207 traveled to Faribault Sunday to compete in the First District VFW tournament. In the team event, the Winona Keglers rolled 2,727.

Chef Tarras and Bert Jumbuck scattered 1,194 in the doubles, good for third place after the first weekend of the tournament. John Sandstede and Harold Myers hit 1,057.

Jumbuck's 699 was good for first place in the singles. His series was 211-193-236-639, added to a 60-pin handicap. The tournament has one more weekend to run.

PITCHERS BEST IN LEAGUE?

Griffith Happy With Trade Deals

(AP) — Minnesota Twins President Calvin Griffith pronounced himself Sunday well satisfied with the bang-bang trades he made last week in Pittsburgh and proclaimed his pitching staff "the equal of any in the American League."

Griffith acquired starter Dean Chance from the California Angels and reliever Ron Kline from the Washington Senators while dealing away first baseman Don Mincher, second baseman Bernie Allen, outfielder Jimmie Hall and pitchers Camilo Pascual and Pete Cimino.

Griffith, often accused of being too conservative in the baseball trading market, said he hopes "this shows I will trade when I can get equal value."

Although he wasn't making any such predictions, Griffith didn't conceal completely the fact that he thinks the acquisition of Chance and Kline may have won the 1967 American League pennant for the Twins.

"Let's just say we think we

strengthened ourselves appreciably and we think we'll be strong pennant contenders in 1967," Griffith said. "We got a potential 20-game winner in Chance and we got one of the league's best relief pitchers in Kline."

"We've got six starting pitchers now and two very good relievers in line and Al Worthington. I think we've got the best right-hand and left-hand starting combination in baseball in Chance and Jim Kaat."

Griffith doesn't feel he gave up too much to land the two hurlers, either.

"I hated to part with Mincher and Hall," he said. "But you've got to give up something to get players of the caliber we got. And we think we can replace Mincher and Hall without hurting our attack."

The Twins likely will move Harmon Killebrew back to first base permanently, with rookie Dick Reese in reserve. Rich Rollins and rookie Ron Clark will fight it out for third base.

Ted Uhlaender will take over center field fulltime, and Bob Allison, Andy Kosco and Sandy Valdespino will battle for left field.

Catcher Earl Battey, second baseman Cesar Tovar, shortstop Zoilo Versalles and right fielder Tony Oliva are set in their positions.

Besides Chance and Kaat, the Twins now have Dave Boswell, Jim Merritt, Jim Grant and Jim Perry for starters, with Perry and Merritt likely working as swing men between the bullpen and starting roles.

Kline appeared in 63 games for Washington last year, posting a 6-4 record, adding 20 saves and notching a 2.40 earned run average. Against the Twins, Kline pitched 14 innings, yielding only seven hits and two runs. He is 34 years old.

Griffith disclosed Saturday that he had signed Chance to a 1967 contract for about \$43,000, the same salary as the 1964 Cy Young Award winner got from the Angels in 1966 when he had a 12-17 record.

WSC Matmen Do Well in AAU Meet

CEDAR FALLS, Iowa — Winona State College's wrestling team came away with two runners-up and a fourth place finisher, narrowly missing domination of the 160-pound class, Saturday in the State College of Iowa Invitational AAU open.

Jim Tannehill and John Zwolski were runners-up, while Ray Wicks finished fourth.

Tannehill lost to Rich Mihal of Rochester Junior College 5-0 in the finals at 160 pounds, while Zwolski was pinned by Iowa State's Jim Duschon in 2:57 in the heavyweight championship meet.

Wicks was fourth at 160, losing to Mihal 5-4 and then to Ray's twin brother Reg of Iowa State 3-1 in the third place wrestling-off.

"I was very satisfied with our boys," said coach Bob Gunner. "We made some mistakes and paid the price, but it's better to make them now rather than in dual meet competition."

The Warriors open their dual meet season Saturday at Terre Haute, Ind., when they take part in a quadrangular meet that bristles with national powers.

Dick Niemeyer's 633 Tops Keglers

Dick Niemeyer's 257-633 topped otherwise unspectacular bowling action over the weekend. Niemeyer rolls for Niemeyer-Donahue in Westgate's Guys & Dolls league. Lubinski-Lica topped team series with 2,210. High for the Dolls was Millie Lica, Lubinski-Lica, with 489. Carolyn Prenot of Moham-Prenot picked up the 5-4-10 split.

HAL-ROD: His & Hers—Bertha Schmidt, Fountain Citizens and Dorothy Braun, Braun-Konkel, each hit 168 to lead the girls in individual games while Bertha hit high series, 463. Braun - Konkel, leading the league, topped 783 — 2,210 for team honors. For the men it was John Bauer, Bauer-Schroeder, all the way with 195-550.

High School Boys—Pat Hopf, an excellent kegler as well as basketball starter for Winona High School, topped the league over the weekend with 199-568 for his league-leading Good Players. Clydes took team honors, however, scattering 788-2,191. Getting individual high series counts were Bruce Springer, 506 and Bruce Bilgen 506.

High School Girls — Honors were divided all over in the district side of prep bowling at Hal-Rod with Charmine Kragon, Alley Alages hitting a 174 single and Connie Barron, Scramblers a 441 series. Fruit Loops garnered high single with 718 and Alley Galors smashed 2,048 for team series high.

WESTGATE: Father-Son — Bob Welch's 235-592 led his squad to 447-1,197 honors Sunday. Topping the sons were Rich Duellman, 197 and Jack Lupinski 497.

Junior Girls—Sue Laak and her Alley Smashers, currently holding a comfortable margin for top spot, led the keglettes again Saturday. Sue hit 188-507 as her Alley Smashers totaled 716-2,019.

Kings and Queens — Dan Wicks, The Jokers, led individual game scores with 230 and Bob Dennis, subbing for Trojans came up with a 557 series, good for high three-game count. The Bowlers topped all comers in

Montreal, Toronto Cut Capers

By THE ASSOCIATED PRESS
Montreal and Toronto are cutting fancy capers again in the National Hockey League race.

But, while everyone expected the Canadiens to climb into contention for the league lead, no one figured the team they'd be trying to catch would be the Maple Leafs.

The Canadiens, triggered by Claude Larose's two goals, whipped New York 3-1 Sunday night, completing a weekend sweep that has put them over the 500 mark for the first time in three weeks.

Despite five victories in their last seven games, however, the Canadiens remain six points off the pace set by Toronto. The torrid Maple Leafs capped a four-point weekend by blasting Boston 8-3 Sunday night and now have won six of their last seven starts.

Toronto lead's second-place Chicago, a 4-1 winner over Detroit Sunday night by one point in the tight NHL race.

Boston suffered a crippling blow when rookie defenseman Bobby Orr sprained some ligaments in his left knee. The 18-year-old defenseman, who had scored six goals, will be sidelined for at least three weeks.

Valley Riders Name Officers

The Winona Valley Rider's Saddle Club hosted the annual winter banquet at the Golden Frog Supper Club in Fountain City, Wis., Saturday.

Highlight of the evening was the election of the 1967 officers, and they are as follows:

President, John Szczepanski; vice president, Fred Bauer Sr.; secretary, Loretta Richter; and treasurer, Mrs. Reuben Sather. Barbara Starbuck, daughter of Mrs. E. J. Starbuck of Winona, was crowned queen to reign over next year's club activities; Carolyn Burke, daughter of Mr. and Mrs. A. R. Taggart of Winona, and Miss Mary Bauer, daughter of Mr. and Mrs. Fred Bauer Sr. of West Burns Valley, as attendants.

Jo Ann Johnson, daughter of Mr. and Mrs. S. Johnson of Winona, was chosen as the 1966 Member of the Year. Miss Johnson is the editor of the club bulletin, was the club secretary, the horse show co-secretary, chairman of the summer gymkhana, and has been appointed the secretary and chairman of the 1967 Valley Rider's Horse Show.

Robert Stein was speaker for the evening, and Mrs. Robert Mahlake was in charge of dinner arrangements.

Holmen, Alma and Wanamingo Win

Holmen chalked up its fifth straight triumph of the season, Alma its third and Wanamingo its first in area nonconference basketball action Saturday.

Holmen tripped Mauston 69-58 after trailing by as many as 13 points in the early part of the game. Alma staged off a last minute Pepin rally to record a 63-61 triumph, while Wanamingo bombed Randolph 111-69.

In another game, Elgin won its third in four starts by nipping Lewiston 60-59 in overtime.

HOLMEN 69
MAUSTON 58

Holmen, tired from a Friday night victory, found itself down by 13 points early in the second quarter, but the Vikings did some minor adjusting and went on to quell Mauston 69-58.

The Vikings poured through 27 points in the second quarter to come from behind and take a 41-38 halftime margin. From then on it was all down hill.

Dave Evenson, 6-4, and Owen Unks, 6-5, scored 27 and 21 points, respectively, for the Vikings. Jim Zahuski had 17 for Mauston.

ALMA 63
PEPIN 61

Alma chalked up its 47th straight regular season triumph over the last three years by nipping Pepin 63-61.

The Rivermen led most of the way, taking an 18-10 first quarter margin only to have Pepin tie it at 35-all at the half. But Alma jumped back out front 54-49 going into the final eight minutes and then had to slow the game down when scoring leader Curt Youngbauer was lost on fouls with six minutes to play.

Youngbauer had 21 and Bob Parker 22 for the Rivermen. Joe Murray bagged 21, Charlie Anderson 14 and Larry Marks 12 for Pepin.

Youngbauer had 21 and Bob Parker 22 for the Rivermen. Joe Murray bagged 21, Charlie Anderson 14 and Larry Marks 12 for Pepin.

ELGIN 60
LEWISTON 59

Steve Richardson is becoming

a last second ace. Friday night Richardson poured in a bucket with seven seconds to play to spark Elgin to a 44-43 victory over Wabasha. Then, Saturday night, the 5-9 junior guard pumped in a buckets in the waning seconds to tie the score at 58-all and send the game into overtime.

Then he scored the only field goal in the overtime to give Elgin a 60-59 victory over Lewiston, its third triumph in four starts.

Richardson led all scorers with 26 points, while Ron Kirth added 10. Wayne Braatz fired through 24 for Lewiston. Ron Kirkeby added 15.

WANAMINGO 111
RANDOLPH 69

Wanamingo, which had averaged only 47 points a game in its first three contests this year — all losses, finally found the range Saturday night, bombing Randolph 111-69.

Dick Niemeyer's 633 Tops Keglers

Dick Niemeyer's 257-633 topped otherwise unspectacular bowling action over the weekend. Niemeyer rolls for Niemeyer-Donahue in Westgate's Guys & Dolls league. Lubinski-Lica topped team series with 2,210. High for the Dolls was Millie Lica, Lubinski-Lica, with 489. Carolyn Prenot of Moham-Prenot picked up the 5-4-10 split.

HAL-ROD: His & Hers—Bertha Schmidt, Fountain Citizens and Dorothy Braun, Braun-Konkel, each hit 168 to lead the girls in individual games while Bertha hit high series, 463. Braun - Konkel, leading the league, topped 783 — 2,210 for team honors. For the men it was John Bauer, Bauer-Schroeder, all the way with 195-550.

High School Boys—Pat Hopf, an excellent kegler as well as basketball starter for Winona High School, topped the league over the weekend with 199-568 for his league-leading Good Players. Clydes took team honors, however, scattering 788-2,191. Getting individual high series counts were Bruce Springer, 506 and Bruce Bilgen 506.

High School Girls — Honors were divided all over in the district side of prep bowling at Hal-Rod with Charmine Kragon, Alley Alages hitting a 174 single and Connie Barron, Scramblers a 441 series. Fruit Loops garnered high single with 718 and Alley Galors smashed 2,048 for team series high.

WESTGATE: Father-Son — Bob Welch's 235-592 led his squad to 447-1,197 honors Sunday. Topping the sons were Rich Duellman, 197 and Jack Lupinski 497.

Junior Girls—Sue Laak and her Alley Smashers, currently holding a comfortable margin for top spot, led the keglettes again Saturday. Sue hit 188-507 as her Alley Smashers totaled 716-2,019.

Kings and Queens — Dan Wicks, The Jokers, led individual game scores with 230 and Bob Dennis, subbing for Trojans came up with a 557 series, good for high three-game count. The Bowlers topped all comers in

Holmen chalked up its fifth straight triumph of the season, Alma its third and Wanamingo its first in area nonconference basketball action Saturday.

Holmen tripped Mauston 69-58 after trailing by as many as 13 points in the early part of the game. Alma staged off a last minute Pepin rally to record a 63-61 triumph, while Wanamingo bombed Randolph 111-69.

In another game, Elgin won its third in four starts by nipping Lewiston 60-59 in overtime.

HOLMEN 69
MAUSTON 58

Holmen, tired from a Friday night victory, found itself down by 13 points early in the second quarter, but the Vikings did some minor adjusting and went on to quell Mauston 69-58.

The Vikings poured through 27 points in the second quarter to come from behind and take a 41-38 halftime margin. From then on it was all down hill.

Dave Evenson, 6-4, and Owen Unks, 6-5, scored 27 and 21 points, respectively, for the Vikings. Jim Zahuski had 17 for Mauston.

ALMA 63
PEPIN 61

Alma chalked up its 47th straight regular season triumph over the last three years by nipping Pepin 63-61.

The Rivermen led most of the way, taking an 18-10 first quarter margin only to have Pepin tie it at 35-all at the half. But Alma jumped back out front 54-49 going into the final eight minutes and then had to slow the game down when scoring leader Curt Youngbauer was lost on fouls with six minutes to play.

Youngbauer had 21 and Bob Parker 22 for the Rivermen. Joe Murray bagged 21, Charlie Anderson 14 and Larry Marks 12 for Pepin.
